President Wins Electoral Votes From 28 States

Expected To Have 302 Electoral Votes—Total Vote Cast In Nation Near 45,000,000

WALLACE FAILS TO WIN SINGLE STATE

By WILLIAM K. HUTCHINSON
(U. S. Staff Correspondent)
NEW YORK, Nov. 4.—President Truman is determined today to fight to a finish for the campaign promises that brought him the most amazing upset political victory of the twentieth century.

The one-time Missouri farm boy, haberdasher and county judge is determined to use his untested leadership of the dominant Democratic party to achieve the "peace and prosperity" that formed the keystone of his "give 'em hell" campaign.

Carried 28 States
Mr. Truman's triumph is complete. He carried 28 states with 304 sure votes in the electoral college where only 266 are necessary for election.

The defeated Republican candidate, Gov. Thomas E. Dewey, of New York, won in only 16 states with 189 electors.

The southern states' rights candidate, Gov. J. Strom Thurmond of South Carolina, carried four states with 38 electoral votes.

Henry Wallace, the Progressive party candidate failed to win a single state.

Will Have 302 Votes

While Mr. Truman carried Tennessee, two of the state's electors are pledged to cast ballots for Thurmond. This action would give the states' rights candidate 40 electoral votes and reduce the president's total to 302.

The popular vote, still unofficial and incomplete, gives Truman 22,643,976; Dewey 20,098,992; Thurmond 797,404; and Wallace 1,043,299.

The national vote now totals 44,583,671 votes, and with 90 per cent of the nation's precincts now reported, it is apparent that the vote will fall far short of the anticipated 50 million-plus.

The president's sweep carries in a new Democratic-controlled Congress.

PILOT OF JET FIGHTER PLANE DIES IN CRASH

GARMISCH, Germany, Nov. 4.—(INS)—An American jet fighter plane crashed in a Garmisch street today, killing its pilot.
The plane, an F-80 Shooting Star, belonged to the 36th Fighter Wing at Fuerstentfeldbruck, Germany.
The crash set off two fires in the middle of the city.
Earlier, a U. S. Air Force F-47 fighter crashed near the Neuburg air base. The pilot suffered minor injuries.

Diplomatic Quarters Expect Truman Election To Spur Foreign Policy

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, Nov. 4.—President Truman's surprise election was expected in diplomatic quarters today to give a new drive to United States foreign policy. It seems evident that:

1. With Democratic control of House and Senate, future Marshall plan appropriations will come through with greater alacrity than could have been hoped for under Republican leadership.
2. United States adherence to a North Atlantic alliance will be facilitated and probably go through with little opposition.
3. International tariff reduction policies and cooperation in world trade agreements will be more readily assured.

No Transition Period

Another factor which may prove of outstanding importance in immediate weeks is that there will be no transition period, as would have been the case had Governor Dewey been elected.

It had been reported from

PARIS, Nov. 4.—(INS)—An American move to soften the threat of United Nations sanctions against Israel was rejected today by the Russians.

PARIS, Nov. 4.—The United States moved today to take the teeth out of an Anglo-Chinese resolution providing for sanctions against Israel.

Authoritative sources said that the new American strategy had been "cleared through Washington," indicating that it had President Truman's approval.

American Delegate Philip C. Jessup told the United Nations security council that the U. S. favors certain amendments of the British-sponsored "tough" proposal, which the Jews have condemned.

Jessup proposed that the resolution drop specific references to economic and military sanctions against Israel. He advised the

Moscow Papers Mention Election Of Truman Briefly

MOSCOW, Nov. 4.—(INS)—Moscow newspapers reported briefly today President Truman's electoral victory, stressing his statement that he will concentrate his efforts on obtaining world peace.
Most Soviet sources expressed mild satisfaction at the Democratic victory. They had viewed the possibility of a Republican sweep as unpromising for the future of world peace.

Believe Fugitives From Georgia Prison Are Surrounded

REIDSVILLE, Ga., Nov. 4.—(INS)—Twelve dangerous criminals who tunneled their way out of Tattall prison and escaped amid a hail of bullets were surrounded in a woods near Reidsville today and were being tracked down by bloodhounds.
Three other fugitives in the group of 15 prisoners who escaped last night from the prison, once described as "escape-proof," were captured within an hour and a half after the break.

Prisoners Who Escaped At Western Penitentiary Recently Are Recaptured

LISBON, O., Nov. 4.—(INS)—A lone Lisbon night patrolman captured two escapees from the Western Penitentiary in Pennsylvania early today in a one-sided gun battle.

Patrolman Leon Zahndt said the men who took two years to dig their way out of the penitentiary through a 35-foot tunnel responded to his orders only after he fired three shots.

Escapees Eugene West and Ananias White, alias Andrew White, wanted in Ohio and Virginia, did not return the fire, he said.

Escaped November 1

Zahndt said the men escaped November 1 by digging their way out of a boilerroom where they worked. He said they used a shovel, hoe, bucket and a pry bar for the two-year task, and hid the loosened earth in one of the boilers.

West was serving a 9-to-18 year sentence for robbery and was reported as an escapee from the Mansfield, O., reformatory. White

President Is Enroute Back To Washington

Celebration Being Planned For Arrival In Capital On Friday Morning

PLANS FOR BROAD SOCIAL PROGRAM

By ROBERT G. NIXON
(U. S. Staff Correspondent)

ABOARD THE PRESIDENTIAL SPECIAL, En Route To Washington, Nov. 4.—President Truman today was speeding on his triumphant trip back to Washington, determined to extend the broad social program of the Roosevelt New Deal.

The chief executive, humble in his role of a fighting president, made this crystal clear in the first flush of his stunning upset political victory at the polls last Tuesday.

Celebration Planned

The president will arrive back in Washington at 11 a. m. (EST) tomorrow to be greeted by a huge homecoming victory celebration. More than 50,000 jubilant farmers from the Missouri countryside where he was born and raised gave Harry Truman a shouting sendoff last night on his triumphant return to the White House.

To them, with humility but with simple sincerity, he pledged: "I promise that I will carry out the Democratic platform to the best of my ability."

"I have a Democratic Congress to work with me."
"We are going to get some things done and make progress in the next four years."

Appeals To Nation

Mr. Truman combined his domestic aims with a fervent pledge to work for an enduring world peace. He appealed to the nation to unite behind him in carrying out a heavy responsibility. He said:

"I want everyone of you to help

Democratic Majority In Congress Will Need North And South Truce

By ARTHUR F. HERMANN
(U. S. Staff Correspondent)

NEW YORK, Nov. 4.—The Democratic majority in congress faces the task today of arranging a truce between its northern and southern factions if President Truman's legislative program is to be enacted into law.

Late returns boosted the Democratic majority in congress to 79 in the house and 12 in the senate, but Mr. Truman's legislative program was not automatically assured of success by his triumph at the polls.

Still Opposition

The civil rights program, for example, still faced determined opposition in the new congress which will assemble Jan. 3 and another southern Democratic filibuster appeared probable if the president attempts to seek its enactment.

President Truman's personally won leadership of his party may place him in a stronger position than when he took over his post upon the death of President Roosevelt in 1945 when congress was nominally under Democratic control.

As in the 78th and 79th congresses, the Republicans, although again in a minority next year, will be able to obtain a legislative majority if southern members vote with them in substantial numbers. There was nothing to indicate any

Plan Big Reception

City officials said they plan to make the homecoming bigger than the reception given President Roosevelt after his third-term victory in 1940 and Gen. Dwight Eisenhower upon his return from Europe.

The various government departments and agencies have arranged to give their employees two hours off tomorrow to participate in the welcome for the president.

The president's special train, speeding back to Washington, reached St. Louis at 1:30 P. M. CST, this afternoon. The remainder of the schedule is:

Vincennes, Ind., 5:04 P. M. CST; Mt. Vernon, Ind., 7:12 P. M. CST; Cincinnati 10 P. M. EST; Chillicothe, Ohio, 12:17 A. M. CST; Parkersburg, W. Va., 2:20 A. M. EST; Grafton, W. Va., 5 A. M. EST; Kaiser, W. Va., 7:30 A. M. EST; and Washington, D. C., 11 A. M.

Officials Announce Additions To Plant To Cost \$11,500,000

Directors of Pennsylvania Power Company have authorized the construction of an addition to the Company's New Castle Power Plant, which will practically double the generating capacity of the plant.

Announcement of the Company's plans was made here today by L. B. Round, Vice-President and General Manager. "The new unit at the plant," Mr. Round announced, "will have a rated capacity of 85,000 kilowatts, or roughly the equivalent, in one unit, of both units now installed at the plant. With the building and auxiliaries, it will cost about \$11,500,000. Orders have already been placed for the turbo-generator and certain other equipment, and the new unit is scheduled for operation late in 1951."

"Power plant construction today requires a long look ahead," continued Mr. Round. "From the preliminary studies to the finished job represents nearly four years' time. But power cannot be stored, hence the completed generating capacity must be ready to operate the instant the demand occurs. In starting now to build for late 1951, we are looking forward not only to a continued expansion in the use of electricity by our customers but also to the continued industrial development of this area."

Phenomenal Growth

"Ten years ago, before the New Castle Power Plant was placed in operation, the maximum hourly demand on our system was 45,000 kilowatts. Last year it was 104,900 kilowatts. This has already been exceeded this year, and a new higher demand will almost certainly be established before the end of the year."

"This phenomenal growth has been the result of industrial expansion and new building of all types. Since V-J Day, Pennsylvania Power Company has added 7,123 customers to its lines. New uses for electricity in industry, on the farm, in the store and office, and in the home have further enlarged the demand for service. The decision to add generating capacity was made after exhaustive studies of economic trends and an analysis of local area requirements in the years to come."

The new generating unit will be a fine example of modern power plant engineering. It is being designed by Commonwealth & Southern Corporation engineers, and will operate at a steam pressure of 1,450 pounds per square inch and 1,000 degrees temperature. Various features are incorporated in the design of the boiler and turbine to increase the overall efficiency of the plant. It is anticipated that the unit will generate energy for less than a pound of coal per kilowatt hour.

Location of the unit at the New Castle Plant is possible only because of the excellent water supply

Huge Reception Being Planned For President

WASHINGTON, Nov. 4.—(INS)—An estimated 500,000 persons are expected to accord President Truman a welcome befitting his victory when the chief executive returns to the nation's capital tomorrow morning.

The president, Mrs. Truman and their daughter Margaret will be greeted at Union station by an official delegation headed by District of Columbia Commissioner John Russell Young, who arranged the reception.

Mr. Truman and his family then will ride to the White House in an automobile procession down Washington's historic Pennsylvania avenue which has been decked out in bunting and banners for the occasion.

City officials said they plan to make the homecoming bigger than the reception given President Roosevelt after his third-term victory in 1940 and Gen. Dwight Eisenhower upon his return from Europe.

Southern Papers Give Views On Truman's Win

ATLANTA, Nov. 3. — (INS) — Southern newspapers today credited President Truman's upset victory to the coalition vote of farmers and laborers and to the record of the 80th Congress.

The Atlanta Constitution called Mr. Truman's triumph "incredible" and said it was one that an astonished and uncomprehending nation cannot quite take in.

The Constitution said the Democratic victory was "greater in its aspects than any Roosevelt victory save the one in 1936." The paper said the combined vote of the farmers and laborers gave Mr. Truman a similar victory to the one Roosevelt won in 1936.

The paper itself supported Gov. Thomas E. Dewey.

The Chief Executive's victory was hailed by the Memphis Commercial-Appeal as one over the "disaffected elements in his own Democratic family."

The Columbus, Ga., Enquirer said it supported the Democratic party, and therefore the Truman-Barkeley ticket, because it felt that the people of Georgia and the South did not stand to gain from a collapse of the party.

The Charleston, S. C., Courier which supported Gov. J. Strom Thurmond and the States' Rights party said:

"Between the political party masquerading under the name Democratic that has elected Mr. Truman, and the Republican party, the difference so far as the southern states are concerned, is that the Truman party is that which abandoned historic defense of the south to be more antagonistic to it than the Republican party, never posing as its friend."

The Knoxville Journal, a Republican newspaper, said:

"Not only did he fail to face up to the issues raised by the record of this congress, but he failed to develop others to set his candidacy apart from President Truman's."

The New Orleans Times-Picayune agreed that "President Truman's personal sweep at the polls Tuesday, carrying with it control of both houses of congress, goes down in the books as one of the most amazing upsets in the nation's political history."

The Miami Herald joined the New Orleans Times-Picayune in calling President Truman's victory a single-handed triumph.

DEMOCRATIC MAJORITY IN CONGRESS NEEDS NORTH-SOUTH TRUCE

change in southern sentiment toward civil rights, social and economic measures despite the president's tremendous victory.

Could Overcome Coalition

The Democratic working house majority of 80 in the next congress would probably not be sufficient to overcome a coalition consisting of 177 Republicans and sympathetic southern members from among the 121-member delegation from Dixie and border states.

In the new senate, more than half of the Democratic members will be from southern and border states.

With some seats still not definitely decided, here is the political lineup in the 81st congress on the basis of present returns:

Congress Makeup

House—Democrats 257, Republicans 177, American Labor 1.

Senate—Democrats 54, Republicans 42.

The possible coalition lineup in the new congress is:

House—Republicans, Southern Democrats 298, others 121.

Senate—Republicans—Southern Democrats 78, others 18.

Many of the southern Democrats will vote for part or all of the president's proposed legislative program, but unless there is a sudden and unexpected change in their outlook, most of them will not.

me carry out this tremendous responsibility for the peace and welfare of the world."

On the theme of his domestic aims, the president said that the stunning Democratic sweep of both the White House and the two houses of Congress was "a victory not for me but a victory for the people." This set the pattern for the next four years ahead.

Mr. Truman, in his slashing, fighting election campaign, made no secret of his objectives. He will present next January with a broad social program to carry out "the people's victory."

Forced Way Into Truck

Zahrndt said the escapees forced their way into a truck driven by Forrest Martin of Kingston under a death threat. He said Martin told the men he had to stop at his home for a moment where he alerted his wife, who called Columbian County Sheriff George Hayes.

Hayes alerted other law agencies and Zahrndt said he spotted Martin in the cab of a truck with his cargo of escapees about 12:45 a. m.

He said he turned on his siren and gave chase, firing a warning shot over the top of the truck. He said they pulled to the curb and Martin jumped from the truck.

Blasts Two Shots

However, West and White refused to obey commands to leave the truck, so he blasted two shots into the rear of the cab. Zahrndt said.

"They got out in a hurry after that."

The patrolman said he herded the desperadoes to an all-night filling station where he could be assured of getting help. There some bystanders helped him handcuff the escapees and he called two other patrolmen who helped him escort the men to the jail.

Zahrndt explained that he is the only Lisbon policeman on night duty. He said the escapees, who threatened Martin with a knife, would be questioned further today.

formation of a special committee to study the problem and report on it.

In effect, Jussup's suggestion does not constitute a withdrawal of support of the Anglo-Chinese move, which called on the Jews to give up gains made in recent fighting with the Arabs, or face sanctions.

But it did open the way for considerable tempering of the proposal, by narrowing the limits under which sanctions would be applied.

Reliable sources said that Secretary Marshall fully approved the new U. S. amendment and submitted it to President Truman, in view of the latter's reported notice to the American delegation to withdraw backing of the sanctions proposal.

The security council meeting reportedly was delayed a half-hour today because the Americans were awaiting a formal reply from the president of the new Palestine strategy. It was understood that no official answer has as yet been received.

In a blast of oratory Vishinsky charged that the United States controlled the political committee and that the majority over which American wields power intends "to hold a sword of Damocles over the heads of peoples of the world—or at least as long as they think they have this sword of atomic energy."

He asserted that if the Canadian resolution wins assembly approval the "state which now controls atomic weapons . . . would control the life and destinies of other states even more than the United States presently is doing."

In his 90-minute last-ditch plea for acceptance of the Soviet plan, Vishinsky declared that the U. S. is attempting to evade international atom control at all costs.

In implying the possibility of conflict if the Canadian plan is adopted, Vishinsky warned that "the people of the world would pay with their sweat, blood and lives."

DIPLOMATS EXPECT TRUMAN ELECTION WILL SPUR POLICY

(Continued from Page One)

Europe that the Russians, if they planned any aggressive action in Berlin, or in Germany generally, would move during the period between election and inauguration, when American leadership would be most confused.

As a result of the election returns, the hand of Secretary of State Marshall at the United Nations Assembly session in Paris will be strengthened. The only factor which would seem to make the situation there less reliable are the rumors that Marshall will resign on January 20, when Mr. Truman is inaugurated.

Can Take Up Treaty

As a result of the election returns, it was noted, the administration now can take up discussion of a treaty for the North Atlantic Alliance at any time. It will be assured of a compliant Congress.

In this connection diplomats were quick to note that of the congressional candidates defeated, many were from that group which opposed Mr. Truman's foreign policy. Aside from this apparent popular mandate for an aggressive foreign policy, the Republicans themselves have laid the groundwork for the North Atlantic alliance.

It is anticipated that it may cost up to five billion dollars of American funds to arm the European members so they can resist aggression.

An even more immediate matter that can be expected to receive top attention is that of policy toward China if the United States intends to move to halt the spread of communism in the face of sensational advances in Manchuria and the north.

PRESIDENT WINS ELECTORAL VOTES FROM 28 STATES

gress. Spectacular Democratic gains were scored in both houses, but the lower chamber provided the big surprise.

Win 70 Seats In House

In the house, where even the Democrats had no hope of regaining a majority, they won a net gain of 70 seats to win control by a margin of 80. The new house will be comprised of 257 Democrats, 177 Republicans and one American Laborite. The Republicans suffered a net loss of 89 seats, and the American-Labor party lost one of its two seats.

The new Senate division will be 54 Democrats and 42 Republicans, contrasted with 51 Republicans and 45 Democrats in the last Congress. The Democrats wrested nine seats from the Republicans and emerged with a 12-vote majority.

Control 38 Seats

To complete the Democratic sweep, they emerged with party control in 30 of the 48 state capitals. Democratic governors replaced Republicans in eight states, while Republican candidates won in two states that had been held by Democrats.

The see-saw tabulations that kept the nation on tenterhooks through election night ended with dramatic suddenness at 11:16 a. m. (EST) yesterday, when Dewey headquarters announced that their candidate had conceded victory to Mr. Truman. At that time, it became apparent to the New York governor that Ohio's 25 electoral votes were firmly in the Truman column, and that the president could not fall short of the needed electoral majority.

Shortly afterwards, Mr. Truman extemporaneously pledged he would "do the very best I can to carry out the Democratic platform as I promised to do in my speeches."

CABINET PURGE NOW PROBABLE

(Continued from Page One)

Secretary of State Marshall and Under Secretary Lovett may retire after January 20.

Wish To Retire

Both Marshall and Lovett apparently advised Mr. Truman before the election that they wished to retire regardless of the outcome.

In fact, Marshall, who has devoted 47 of his 68 years to military and diplomatic duties, repeated in Paris yesterday his desire to retire to his Leesburg, Va., estate. He said:

"I have expressed a very sincere desire on numerous occasions to retire from public service."

Lovett told reporters that he would make no statement until he conferred with Marshall.

Aim Of Purge

The purge in the cabinet ranks is generally believed to be aimed at some men who failed to aid Mr. Truman in his campaign for election.

Reportedly scheduled for replacement are Forrestal and Secretary of Commerce Sawyer and possibly Secretary of Interior Krug.

Several others, however, "went to bat" for the President and probably will remain in the official family. They are Attorney General Clark, Secretary of Labor Tobin and Secretary of Agriculture Brannan. It was noted that Army Secretary Royall also supported Mr. Truman.

WHY DOES SHE CALL SMITH'S?

She knows that our Revitalizing service is the thing that makes such a big difference. It's a texturizing process that replaces the sizing which is usually lost in cleaning, no matter how careful the dry cleaner may be. It makes garments hold their shape better and longer; it makes the fabric water resisting.

Our Revitalizing service has made the biggest hit with the well-dressed men and women of New Castle and Lawrence County.

Mercer Boy Wins Livestock Award

John Tait Takes Grand Championship Honors For Second Time At Pittsburgh

PITTSBURGH, Nov. 4.—John Tait, 14-year-old Mercer county boy, became the first grand champion winner of the Pittsburgh junior livestock show, when his Aberdeen Angus baby steer was awarded the grand championship honors of the 1948 exhibit, in the judging which was concluded late Wednesday.

Young Tait, a member of the Mercer County 4-H Baby Beef club, won this honor in 1944. Tait's steer will be auctioned off this afternoon, and should net the champion a nice sum, as the winner tipped the scales at 1,085 pounds. His prize winnings in addition to the amount the steer will bring come to \$71.

John Feather of Schellburg, Bedford county, was reserve champion with his 1,105-pound Hereford. He is a member of the Future Farmers of America. His exhibit won the Hereford breed championship.

Other show winners included: Arthur Baxter, Jackson Center, Mercer county, pen and individual grand championships in lambs with Southdowns; Robert Hamilton, Renfrew, Butler county, reserve champion pen Southdowns; Charles Himes, Ashville, O., individual reserve champion lamb, Southdown, and Earl Cross of Boyers, Butler county Shorthorn breed championship.

Steers were judged by Joe Vall of the University of Maryland and lambs by P. C. McKenzie of Pennsylvania State college.

Two Are Held By Police On Charge Of Taking Auto

Ernest Abraham of East Long avenue and Phillip Spot, East Long avenue, were arrested by Police Haering and Reese at 4 o'clock Wednesday, in Wilson avenue, on a charge of taking a car without permission of the owner. They were being held in the city jail.

According to police, Abraham was driving the car when it struck a pole at 1809 East Washington street.

Haering and Reese traced the car to Wilson avenue, near Addis street.

Abraham admitted driving the car when it hit the pole. The car was at Sam's Used Car Exchange, 215 East Long avenue, and it was said by Sam Mangiarelli, exchange car place owner, he had not given the men sanction to drive the car.

WHY NOT TRY THIS?

Tuning In On Junior's Programs

Do you know what world-shaking projects are being undertaken by Li'l Abner? Are you up on the latest adventures of the movie, radio and comic-strip cowboy?

Perhaps you think these are silly questions to ask grown-ups. But your youngsters will appreciate it if you know something about their radio or comic heroes. Keeping up-to-date with children involves keeping up with the things that interest them most.

Of course, you don't need to be an expert. That can be left to the kids. But the very fact that you show enough interest in what they like makes them feel you are sympathetic and friendly. Children want as much as anything else to feel that their parents aren't too "stuffy," that they're human, that they don't look down on everything that children like.

It won't take much time to keep up with your youngsters in this way. And you may find, as I did, that some of the child's radio and comic fare is as interesting as the programs to which you listen. (Copyright, 1948, By United Feature Syndicate, Inc.)

LOOKING AT LIFE

(Continued from Page Four)

somehow, perhaps by practical inducements, managed to get her to leave town to Paris unknown.

I was heartbroken. I investigated every known kind of suicide. Poison, hanging, shooting, drowning—I looked into them all.

There seemed to be one principal trouble with the various methods of suicide—they were either painful or fatal, or both.

And, incidentally, during my investigation a very lovely blonde came along and I became more interested in living than in dying.

The years passed. My wild oats sown in the twenties turned into quite a satisfactory harvest of respectability and happiness.

A couple of weeks ago, while in New York, a white-haired lady rushed up to me. She looked as if she had seen better days.

"Erich!" she exclaimed and threw her arms around me.

"I am afraid you are mistaken. I don't know you," I replied. Then it dawned on me—the woman I once had loved! The woman who today might have been my divorced wife!

I thanked my lucky stars. And I apologize to my inquiring reader for not having answered her question. (Copyright, 1948, King Features Syndicate, Inc.)

Governor Warren
Sends Messages To
Truman-Barkley

SAN FRANCISCO, Nov. 4.—(INS)—Gov. Earl Warren accepted defeat in the vice presidential race Wednesday and sent congratulations to President Truman and Sen. Alben Barkley.

The California chief executive took the first defeat of his long political career with good nature and told newsmen at his San Francisco hotel suite:

"Somebody's got to win and somebody's got to lose. I've won quite a few elections, and I hope I can lose the same way I win."

Warren said Dewey telephoned him at 8:30 a.m. (California Daylight Time) to tell him the GOP ticket had been defeated. Warren was awakened to learn of the news.

A newsmen asked him if he had any explanation for the Republican defeat and Warren laughingly answered:

"The President got too many votes for us."

They're mighty good folks to have around...

These four good people have worked for this company a total of 100 years. The average for all 29,000 workers of the Esso Standard Oil Company of Pennsylvania and affiliated companies today is almost 14 years!

In a time like this, workers like these are mighty good ones to have on the job—good not just for the company, but also for you.

Their extra measure of skill, experience and job loyalty is setting amazing records in production to help meet an all-time record high demand for gasoline and heating oil and other products. One reason these extra-good workers

are here today is simply the 'extra-good jobs they have at Esso Standard.

Over 30 years ago, these companies set up an unusual "good jobs policy." It was based on the belief that better jobs would mean better workers, and that would mean a better company.

Since then, with our workers, we have developed plans which give every Esso Standard worker such job advantages as

these: uniformly good wage scales... vacations with pay... special benefits in case of sickness or accidents... chance to advance in the company... cash savings in a Thrift Plan... fair treatment at all job levels... and planned retirement with steady income assured for life.

All this was done as a matter of good business. It has given good business results. Not a strike or major work disturbance in over 30 years. Steady, skillful workers on the job. Records in production when the country needs record supply of product. Yes...they're mighty good folks to have around, from your point of view and from ours!

Governor Duff Faces Problems

Result Of Election Eliminates Hope Of Smooth Sledding For Two Years

DEMOCRATS MAKE BIG GAIN IN HOUSE

By SUZANNE FLICK
(U. S. Staff Correspondent)

HARRISBURG, Nov. 4.—(INS)—Hopes of Gov. James H. Duff for smooth sledding during the final two years of his term today were virtually shattered by the outcome of the election.

The governor, who looked for a state-wide Republican sweep in Pennsylvania, found Democrats moving in on two major fronts, Allegheny and Philadelphia counties.

Duff had predicted Republicans would carry Allegheny county, a Democratic stronghold, and add to their large pluralities in Philadelphia. The counties have the largest legislative blocs in the state.

Instead, Democrats seized 24 Republican House seats in Philadelphia, gained 10 in Allegheny county and picked up nearly a score in scattered contests throughout the state.

G.O.P. Membership Cut

On the basis of incomplete returns, the GOP membership in the House has been reduced from 169 to between 115 and 118, a slim margin over the constitutional majority of 105. The Democratic bloc may number between 90 and 93 compared with the present 39.

The cushion of a comfortable majority against intra-party revolts has vanished and the governor may find himself hard put to keep members of his own party in line behind his legislative program for the 1949-51 biennium.

A brighter picture emerged from senatorial contests.

Additional Seat
Republicans picked up an additional seat by defeating incumbent Democrat H. Jerome Jaspán, of Philadelphia.

The lineup in the senate now includes 35 Republicans to 15

Democrats. The Republican voting strength in the upper chamber is the highest in 16 years.

The re-election of Sen. M. Harvey Taylor, Dauphin, Republican state chairman, was an added advantage.

Taylor indicated in a post-election statement that he would support solidly the programs of Duff who came to his rescue as Taylor fought for his political life in last spring's primary election.

Taylor viewed the Dewey-Warren victory in Pennsylvania as popular endorsement of the Republican administration at Harrisburg.

Loss Of Jet Fighter Planes Is High

ST. LOUIS, Nov. 4.—(INS)—A 25 per cent yearly loss of U. S. jet fighter planes was reported by Air Secretary Stuart W. Symington.

The government official stated, however, that "not necessarily all the pilots" were lost with the ships.

Symington told a homecoming banquet at Parks Air College of Technology last night that pilots flying the Berlin airlift are under terrific strain because of "buzzing" by planes which were neither British nor American.

Symington said that despite these incidents the accident rate amounted to half that of the air force as a whole.

J. & L. Fire Damage Placed At \$200,000

PITTSBURGH, Nov. 4.—(INS)—Damage was estimated at \$200,000 today in the four-alarm fire that destroyed a huge coal conveyor at the Jones & Laughlin Steel Corporation's Hazelwood plant in Pittsburgh.

Company officials said that all manufacturing activities at the plant have been shut down indefinitely.

The fire broke out last night in the coal conveyor and spread to the coke batteries which serve the plant. A huge coal belt was destroyed that handles 125 tons of coal per hour.

The plant supplies coke for all of J & L mills in Pittsburgh.

SOIL-RECLAIMER SOUGHT

Mining has begun at the extensive phosphate-rock deposits in Uganda, which are expected to be of enormous value in reclaiming the depleted soil of East Africa. Entebbe reports. It is planned to use these deposits on a large scale upon completion of a \$28,000,000 hydroelectric plant now building at Owen Falls near the source of the Nile. It is hoped to produce, by the fixation process, a chemical fertilizer comprising phosphate rock from Uganda, soda from Magadi in Kenya and nitrate processed by the plant at Owen Falls.

WILL BE HANGED

KINGSTON, Ont., 4.—(INS)—Austin Craft, 49, a convict in the Portsmouth Federal penitentiary, will be hanged on January 24 for the slaying of a prison guard during an attempted escape.

Craft, who was serving ten years for robbery, declared he shot John Kennedy accidentally while trying to prove that his gun was loaded. Craft refused the services of a lawyer and conducted his own defense, the first time a man charged with murder was permitted to do so in a Canadian court.

Newest Air Force Transport Plane Passes First Tests

WASHINGTON, Nov. 4.—(INS)—The Air Force announced that its newest transport plane, the C-121, military version of the Lockheed Constellation, has successfully completed its initial test flight at Burbank, Calif.

Ten C-121's have been ordered from the Lockheed Aircraft Corp. Nine will be cargo versions and are expected to be delivered to the Military Air Transport Service sometime this winter.

The first test flight was made by a passenger version of the four-engine craft. This plane will be assigned to Mats' "Special Mission Fleet" for long-distance transportation of top government executives.

The planes have a 10,000 horsepower takeoff rating, a designed gross weight of 51 tons and a service ceiling of 24,000 feet.

Each plane carries a crew of five, has a wing span of 123 feet, length of 95 feet, 3 inches, and a height of 28 feet.

HOTEL TAKEN OVER

CHICAGO, Nov. 4.—(INS)—A Boston syndicate headed by A. M. Sonnabend, has taken over control of the Edgewater Beach hotel with the reported payment of \$4,000,000 and the assumption of a \$2,000,000 mortgage.

Sonnabend announced final details of the sale today.

The new owners are headed by A. M. Sonnabend, a renowned squash player.

The purchasers acquired the stock of the hotel from the four equal holders, William M. Dewey, Mrs. John Nelson, and the estates of the architects, Benjamin H. Marshall, and Charles E. Fox.

Dewey is general manager of the hotel, and Mrs. Nelson is the granddaughter of the late John T. Connerly, the hotel builder.

Frank G. Binswanger, president of the Philadelphia firm which bears his name, was a broker.

Around Hollywood

By ROLAND HAYES

(International News Service Staff Correspondent)

HOLLYWOOD, Nov. 4.—The newest method of murder for the movies is strangulation. It is becoming more and more fashionable.

Almost any alert picture producer will agree death by the dagger or the dreary administration of poison is strictly old-hat.

No method will ever replace gunfire for mass murder on the screen. But bullets usually are reserves, film-wise anyway, for the prairies and the mountains. There the hero and the villain alike are fitted with the standard operating equipment of holster and six-shooter.

Hitchcock Fascinated
The devastating spectacle of a garroted screen character so fascinated director Alfred Hitchcock that he chose this means of elimination when he made "The Rope" recently for Warner Brothers. Hitchcock is a guy who is quick to anticipate any trend in screen violence. He believes the nuances of a crime trend on the screen are hardly discernible to the casual movie-goer.

This is how he feels about it: "When people begin yawning instead of edging forward in their seats as the villain draws a gun, that's a fairly reliable indication the crime itself will have less impact on the lookers."

Guns Lose Out
In other words, gun murder has lost its flavor. The horror appetites on the public, jaded with guns and knives and arsenic, need whetting with something fresh—like a sash cord, for instance.

The cord which strangled the victim in "The Rope" delivered an additional zest to the common-place event of screen murder.

"Besides that," Hitchcock said, "strangulation has more vivid pictorial qualities. It is considerably more horrifying to watch a man struggle and strain under the agonizing pressure of an effective

throttling, than to see one slump and flop with bullets in his midriff or a shiv between his ribs."

Colman Got Award

Other recent examples of throat thrills on the screen are notable in "Monsieur Verdoux," in which Charles Chaplin made a dainty, refined business of garrotting his victims. And in "A Double Life," Ronald Colman copped an academy award for strangling Shelley Winters.

Hitchcock has no special intention of continuing the choke fashion in future films. He is willing to leave that to others now that he has completed his "Rope" death spectacle. At the moment he is at a loss to anticipate what direction film murder will take.

"It isn't impossible," the director guessed, "that my next film victim will be stoned to death or burned in oil. Not so neat as a throttle, but certainly flashy."

New Phone Books Await Delivery

Distribution, Which Starts Tomorrow, Will Be Completed Within Few Days

Distribution of new telephone directories will start here Friday and is expected to be completed by November 10, it was announced today by Nathan N. Jaquish, local manager of the Bell Telephone Company of Pennsylvania.

Because of the large increase in listings during recent years, it has been necessary to change the size of the book, the manager said. Each page will contain three columns of names instead of two. This will make the directory easier to handle, he said.

Approximately 20,500 copies of the new grey-covered books will be delivered by mail in this territory, Mr. Jaquish said. This is an increase of about 2,500 over last year's distribution.

The new directories contain approximately 18,400 alphabetical listings, an increase of 2,150. There are also 4,750 classified business and professional listings, an increase of 400.

The directories list telephone subscribers in the following exchanges: Enon Valley, New Bedford, New Castle, New Wilmington, Plain Grove, Portersville, Princeton, Volant, Wampum, West Bedford, Ohio and West Pittsburg.

What They Say Of Chest Drive

SAMUEL J. RASHID 320 Neshannock Avenue

To put the Chest over the top, we must take into consideration that we should give enough to cover the needs of all thirteen Red Feather services for a full twelve months' operation. The man who quickly hands out a five dollar donation may well double or triple the amount if he understands that it must cover many needs and that he can have twelve months in which to fulfill his pledge for a generous contribution. Remember there are thirteen Red Feather services sharing in this single united campaign.

ROBERT M. STRICKLER 415 E. Winter Avenue

Many people are not aware that the Community Chest is operated by volunteer citizens who not only give of their time and effort, but also dig deep into their own pockets to support these community services. Citizens representing the various phases of community life meet together to study the facts about the needs of each agency. They determine after careful study of budgets the amount of money necessary to meet those needs. Three hundred volunteers are engaged at the present time in conducting the annual campaign, and are serving without pay, to supervise the expenditures of funds and the operation of the Red Feather services. That's why the Community Chest plan has worked and proved to be the most efficient and economical way of furnishing the medium of support to our thirteen agencies. Let's all get together in the final push to put the campaign over the top.

Governor Dewey Back At Albany

Governor's Staff Astonished At Outcome of Presidential Campaign

SOME REASONS ARE CITED FOR DEFEAT

By LEO W. O'BRIEN
(N. Y. Staff Correspondent)

ALBANY, N. Y., Nov. 4.—Gov. Thomas E. Dewey is back at his Albany desk today determined that he will not make a third try for the U. S. presidency.

The defeated Republican nominee, who for hours Tuesday night and early Wednesday seemed the country's likely White House choice, returned to the executive mansion in Albany last night for his first rest in 26 hours.

He made the journey from New York, accompanied by his wife and two sons and his 70-year-old mother, in the same private railroad car which he had used in his 17,000 miles of campaign travel.

Dewey told a press conference at his New York City hotel headquarters yesterday that reports he plans to resign from the New York governorship immediately to resume his private law practice are "pure fiction."

His term as governor has two more years to run.

Asked if he would consider running for the presidency for the third time he answered with emphatic bluntness:

"No."

To Take Rest

His immediate plans, the governor told newsmen, are only to catch up on several weeks of sleep and to visit his Pawling farm.

The governor's staff, meanwhile, continued to voice astonishment at the electoral upset. No one cared to comment until the complete returns could be studied and analyzed at length.

But among the factors mentioned

as probably contributing to the Republican defeat were the organized labor campaign against the Taft-Hartley act, Republican overconfidence, public reaction against the record of the 80th congress, and President Truman's vigorous campaigning.

It is also felt that Dewey spent too much time helping the "other fellow" getting elected to congressional office and that he geared his campaign on too high a plane, ignoring "the man on the street".

Another reason advanced is that he forgot that the farmer is making money with present high prices.

The governor himself told newsmen that he will "have to read what you gentlemen write" before he comes to any decision on why the results differed so startlingly from predictions.

KEEP LIVING ROOM IN WELL-GROOMED STATE

Does the living room look as well groomed as the homemaker does when she goes out in public? A few deft touches makes the difference between a room that looks cared for and the one that looks neglected.

A few tips are offered: Serving coasters used when you serve drinks will keep your furniture ringless and shiny and help your guests feel much more comfortable about placing the glass down on your polished table top.

Flowers kept fresh, by cutting the stems and changing the water, contribute much toward giving a feeling of welcome; a bouquet past its prime is depressing.

Do the folds of your draperies, or the lines of your venetian blinds look a bit askew. It takes but a second to straighten them so that they look well both from outside and in. Glance at the pictures on the wall to see if they are hanging straight, too.

Are the davenport cushions and

pillows still depressed from the last occupant? Plump them up now, before guests start to arrive.

How about the hearth? Are papers, matches, cigarette stubs, etc. that were thrown in that general direction still lying around? Sweep them in and burn them. Empty ash trays, too, and see that they are clean and shiny.

Magazines, like flowers, can add much to the attractiveness of the room. Arrange them neatly, the large ones at the bottom, the smaller at the top, and weed out back numbers. Keep your books straight and upright on their shelves. This will go a long way

BABES OFFERED HOMES

Babies to adopt are in short supply in Australia, Sydney reports. Ten applicants vie for every girl for whom foster parents are sought and five for every boy. Commonwealth's adoption rate now is between 4,000 and 5,000 a year, 11 legitimate births, more than 7,000

a year, constantly feed the pool from which babies are adopted and social workers, though pleased that homes are available, are deeply perturbed at the lowering of moral standards. No improvement has been noted since wartime, they say.

The \$40,000,000,000 in life insurance now owned by women in the United States is greater than the total life insurance in force in the country at the end of World War I.

Scientifically, the seven ages are: chronological, anatomical, physiological, psychological, hereditary, and statistical.

Duff Proclaims Armistice Day

HARRISBURG, Nov. 4.—(INS)—Pennsylvanians today were urged by Gov. James H. Duff to participate in an observance of Armistice Day November 11.

It was fitting to observe the 30th anniversary of the Armistice at a time when "free mankind still trembles for the safety of the world," the governor said.

Geriatrics is the practice of the science and art of health and healing of the aged and aging.

WORKERS LIVE WELL

The Swedish worker is one of the best-housed in the world today, visitors to Stockholm report. Most workers live in specially built modern flats with every convenience. Each block is centrally heated and flats have double windows to stop stray drafts and are arranged so that the whole block gets adequate light and ventilation. The interiors are beautifully finished—kitchens resplendent with stainless steel, beautiful wood, and labor-saving devices. However, "weather changes come so fast that Stockholmers always seem to have a cold," one commentator remarks.

MEAT CANNERY SOUGHT

Cattle growers of southwest Africa are excited over gossip that a meat canning plant may be established there, Windhoek reports. A large company is understood to have applied for a government license to operate the first such plant in that great cattle area. It is thought the government might subsidize such a venture through use of some \$800,000 now lying in banks to the credit of the Meat Control Board, as the 15-year accumulation of the tax on livestock exports.

Democrats Gain More Governors

Register Gains In Eight
States In Elections Of
Tuesday

LOSE CONTESTS IN TWO STATES

By **RAYMOND WILCOVE**
(I. N. S. Staff Correspondent)

NEW YORK, Nov. 4.—President Truman's sweeping victory at the polls was accompanied by a return of a majority of state governorships to Democratic control.

The Democrats broke the 24-24 tie which has existed since the Republican victories in 1946 toppled state strongholds to the GOP. Next year there will be 29 Democratic and 19 Republican governors. The Democrats registered gains in eight states, but this was offset by losses to the GOP in two states. In addition, one Democratic governor, Lester Hunt of Wyoming, will be succeeded by a Republican when he goes to the Senate.

Of the 32 states in which elections were held Tuesday for governor, the Democrats won 19 and the Republicans 13. In the remaining states where elections were not held, 11 Democrats and five Republicans hold out.

Democratic Gains
The Democrats marked up their gains in Connecticut, Delaware, Illinois, Indiana, Massachusetts, Michigan, Montana and Ohio. They registered losses in Utah and Washington.

One of the most spectacular Democratic victories was scored in

Illinois where Adlai Stevenson unseated Gov. Dwight H. Green. On the other hand, Gov. Mon C. Wallgren, a close friend of the President, went down to defeat in Washington.

In Utah, although the President carried the state, Gov. Herbert B. Maw lost his bid for re-election to Republican J. Bracken Lee.

Former OPA Administrator Chester Bowles unseated Republican Gov. James C. Shannon in Connecticut, although the state's electoral votes went to Gov. Thomas E. Dewey.

Other Changes
Dewey carried Delaware by a few thousand votes, but the state elected Democrat Elbert N. Carvel as governor over Republican Hyland P. George for the seat being vacated by Incumbent Walter W. Bacon, a Republican.

Other Democratic victories:
Indiana—Henry F. Schricker defeated Hobart Creighton for the post being vacated by Republican Incumbent Ralph F. Gates.
Massachusetts—Paul A. Dever toppled GOP Gov. Robert F. Bradford.

Michigan—G. Mennen Williams unseated Kim Sigler.
Montana—John W. Bonner defeated Gov. Sam C. Ford.
Ohio—Frank J. Lausche toppled Gov. Thomas J. Herbert, who unseated him in 1946.

Health Tests Are Being Made At School

Final Classes Will Be Examined By Physician And Dentists In Seventh Ward Today.

Students in the first, third, fifth, seventh and ninth grades of Mahoning school are undergoing rigid examinations by doctors and dentists in connection with the health program which is underway in the schools of the city.

The examinations include scrutiny of the eyes, nose, ears, teeth and body and general and upon completion of the tests, parents are notified of the results with suggestion made that remedial steps be taken to correct the deficiency in the pupil. The doctors will conclude their work today, moving on to another school in the city.

The school basketball team will soon be organized and directed by Rees Flannery, health teacher in the school. Under the direction of Mrs. Gladys Pollard, the school band is making good progress and will be heard in various programs about the school and community.

Armistice and Thanksgiving programs are to be presented by the various classes of the Mahoning school. Several classes are making preparation for such programs. Principal Fred McLure has been absent for the past few days due to a death in his family.

Board To Attend Group Conference

Announcement was made by Rev. J. L. Petrie, pastor of the Mahoning Methodist church, that the members of the church official board will assemble in the First Methodist church Friday evening to be in attendance at the group conference meeting of the New Castle district which will take place there.

Dr. Thomas Morris superintendent of the Grove City district will be the principal speaker. A dinner meeting will be held at 6:30 p. m. with the main meeting at 7:30 o'clock.

Ring Neck Pheasant Flies Into Bedroom

Although J. W. Wilson, 707 North Cedar street, didn't get out to hunt pheasant, one of the beautiful ring necks decided to come to Mr. Wilson's home at 8:30 this morning, shortly before he arose for the day.

As he slept, Mr. Wilson heard a loud crash in his bedroom and

discovered a large ring neck pheasant on his bed beside him. The bird, evidently becoming bewildered, flew through the large 30 by 30 window smashing it.

Mr. Wilson received cuts of the wrist and face from the flying glass but was treated at his home for the injuries. Unfortunately the bird was a hen pheasant, so the Wilsons took her and released her in the rural section. Mr. Wilson stated that if it had been a male, he sure would have rung its neck for the damage done.

Friendship Club Meets Wednesday

Members of the Friendship club assembled in the home of Mrs. Leona Felix, 240 South Wayne street. Games and contests occupied the time with a lovely door prize awarded to Mrs. Netta Conello, a special guest. Mrs. Mary Quarto was also a special guest.

Lunch was served by the hostess. On November 10, Mrs. Edith West, Montgomery avenue will entertain the club at 8:30 p. m.

Berean Class Meets With Mrs. Leasure

Berean class members of the Madison Avenue Christian church were entertained in the home of Mrs. J. E. Leasure, West Washington street on Tuesday evening. The meeting was directed by the president, Mrs. J. W. Jones, with

LOVE POTIONS SOLD
A European has opened a new store in Johannesburg, South Africa, to supply natives with charms and potions. He has hippopotamus fat for natives who want to curse their enemies by

smearing the fat on front door lintels; lions' claws to make them brave—and love potions. The European employs 25 laboratory workers who prepare the prescriptions and see that no harmful ingredients are included.

Various remains of prehistoric man found in Europe are estimated to date as far back as 250,000 years ago.

Despite common misconceptions caused by its name, only about one-eighth of Iceland is covered by glaciers.

Visual Education Week In Progress

HARRISBURG. — "Motion picture films, the radio and other audio-visual education materials are proving themselves effective teaching tools by providing information and understanding to an enlightened public." Governor James H. Duff said today in a statement urging observance of the

week of Oct. 25-30 as National Audio-Visual Education Week.

The Governor said: "All of our citizens should participate by visiting our public schools and viewing the use of visual education in our public schools; by joining in local film council programs wherever such council exists or lend their support to the establishment of local film councils; by attending churches of their choice which are using slides, slide-films and sound films in their worship and religious education services; by observing the use of films in training programs in in-

dustry and business; by selecting films of the highest quality to be viewed by their children in the public theatres, the homes, and the clubs."

LEGION AUXILIARY PLANS YEAR'S WORK

Mrs. Ethel Murphy and Mrs. Rita Smith have returned from the President and Secretary conference held at Harrisburg. This is an annual conference and groundwork is laid at this time for the year's work of the American Legion auxiliary.

At the first meeting with the auxiliary of the Perry Gaston Post, Mrs. Murphy named the following as her chairmen for the coming year: membership, Mrs. Edna Hedlund; activities, Mrs. Clara Speed; Americanism, Mrs. Ida Suber; coupons, Mrs. Maud Forrester; child welfare, Mrs. Ethel Shaffer; community service, Mrs. Sarah Wallace; junior auxiliary, Mrs. Flossie Potter; education for war orphans of veterans, Mrs. Dorothy Boyle; national defense and poppy, Mrs. Elizabeth Miller; legislative, Mrs. Evelyn Jones; Pan-American, Miss Lillian Hartman; rehabilitation, Mrs. Gertrude Speed; sick and flowers, Mrs. Emma Probst; hospital equipment, Mrs. Ellen Daugherty; guard, Mrs. Rebecca Strong; press and radio, Mrs. Ruth Jones; trustees, Mrs. Ressa Perrine, Mrs. Hazel Cooper and Mrs. Cora Dinmore.

Special projects will be initiated to provide funds for the auxiliary welfare activities. The first will be the sale of the 'little red poppy', Saturday, November 6. These poppies are made by the hospitalized veterans. The second is a rummage sale, November 13.

The money gathered from the magazine drive, which is sponsored by the auxiliary and which is going on in our city now is used for the purchase of hospital equipment, such as fracture beds and wheel chairs.

The annual party which is given the ladies in the Almira Home was discussed and Americanism chair-

man Mrs. Ida Suber stated that she had made plans for a very enjoyable evening for the 48 guests, to be held on a date near the Thanksgiving holidays.

Rules and by-laws were read on the scholarship fund for war orphans, which was a project of past president Mrs. Dorothy Boyle. This scholarship will be known as the "Dorothy Boyle Scholarship".

Twenty five dollars was sent to the George Jones family. A basket of flowers will be placed at the war memorial for Armistice Day.

LINDEN GROVE CLUB SHOWERS MEMBERS

Linden Grove Neighbors were entertained in the home of Mrs. Vernon Kiker, Harbor Terrace, for a most enjoyable informal social evening Wednesday.

Two neighbors, Mrs. D. R. Campbell and Mrs. Nick Klenotic, who plan to move in the near future to another section, were presented with a farewell gift from the group. Mrs. Claude Gaiser made the presentation.

Sewing and handicrafts were diversions during the evening.

Three new members were welcomed, Mrs. Wilbur Hovis, Mrs. J. A. Walker, Jr. and Mrs. Robert Kelly. In serving a lunch the hostess was assisted by Mrs. A. P. Zuraskey and Mrs. Jesse McClelland.

Next meeting will be in the home of Mrs. Melvin Sloan, Harbor road, in December.

A.U.R. Society To Meet
 A.U.R. Missionary society of Central Presbyterian church will have its regular meeting in the church parlors on Tuesday evening, November 9. Mrs. A. T. Sadler, Mrs. Roland Peden, and Mrs. Sara Dambach are hostesses.

(Additional Society On Page 14)

A.B.D. SOCIETY MEETS AT CHURCH

A. B. D. society of the First Presbyterian church met in the church parlors Tuesday evening with Mrs. Ralph G. Campbell, Mrs. Loy H. Patterson, Mrs. Ernest L. Stitzinger, and Mrs. Anna Wagner as hostesses.

Devotionals were led by Mrs. Wagner and Mrs. Earl Campbell presided. It was decided to have a Christmas exchange at the December meeting.

On the program, Mrs. Ross D. Rosenberger sang "Just For Today" by Seaber and "Who'll Buy My Lavender?" by German.

Adjourning at an early hour, a halloween lunch was served from a tea table centered with a lovely bowl of mums. Mrs. Earl Campbell poured.

Mademoiselle Club
 Members of the Mademoiselle club met Wednesday evening at the home of Mrs. Katherine DeCarbo, of E. Lutton street, for a Halloween party.

Prize for the funniest costume was awarded to Mrs. Rose Fortuna and for the prettiest costume, Mrs. Edna Pezone captured the prize.

Cards were in play with high score going to Mrs. Betty Pezone and Mrs. Rose Fortuna.

A delicious lunch was served by candlelight at a table decorated in the Halloween motif. The table was centered with a birthday cake in honor of Mrs. Violet Sanfosti, who was presented with a lovely gift from the club.

The next regular meeting of the club will be at the home of Mrs. Rose Fortuna, of 501 E. Lutton street, November 17.

Eight Spots Club
 Eight Spots club was entertained in the home of Mrs. Howard Tindal, 422 Euclid avenue, for cards Wednesday evening.

High score prizes went to Mrs. Richard Cowden and Miss Jane Roberts. Mrs. Thoms Bailey was a special guest.

In serving a lunch the hostess was aided by Mrs. Lester Gibson.

Next meeting will be November 17 in the home of Mrs. Don McGrew, Buena Vista way.

D.D. Club Meets
 D.D. club met for 500 in the home of Mrs. Ed Winters, West State street, Wednesday evening.

Winners of high score prizes were Mrs. Orville Potter and Mrs. Jesse Kennedy.
 Mrs. Kennedy's birthday was remembered with a birthday cake.

November 18 the club will meet with Mrs. Frank Connors, Fairmont avenue.

'Bookies' Trimmed
By Result Of Tuesday Voting
ST. LOUIS, Nov. 4.—(INS)—A certain group was crying today over the election of President Truman to a full term in the White House.
It was the bookmaking fraternity in the St. Louis area. The odds-makers took a trimming. They made Mr. Truman the long shot in the presidential contest at odds of eight to one. And the bookies said there were many persons who put up lots of dollars on Mr. Truman to beat Gov. Thomas E. Dewey.

Gov. Dewey was the favorite in the oddsmakers' opinion. He was quoted at one to fifteen. In other words, a bettor had to put fifteen dollars to win only one dollar if Gov. Dewey won the election.
None of the oddsmakers would tell how much money they will have to shell out. But one admitted.
"All the money was on Truman. The bettors bet like they voted."

How States Voted For President

In the map above is pictured the voting by states in the presidential election, based on the nearly completed returns. The totals give Truman 30 states with 304 electoral votes, Dewey 16 states with 189 electoral votes and Thurmond four states with 38 electoral votes. Returns in California, shown for Truman and North Dakota, shown for Dewey, were not final, but trends indicated the states would go as shown. Thurmond the "Dixiecrat" took Louisiana, Mississippi, Alabama and South Carolina.

State Welfare Conference Opens

SCRANTON, Pa., Nov. 4.—(INS)—The 39th annual meeting of the

Pennsylvania Welfare Conference opened today in Scranton with one group of delegates absent.
Catholic groups affiliated with the welfare organization failed to attend in protest against participa-

tion by the planned Parenthood League of America.
Robert P. Murray, Jr., of Harrisburg, president of the Pennsylvania Economy League, will preside over the two-day meeting.
Wilbur I. Newketter, president of the conference and dean of the University of Pittsburgh's school of social work, will be the principal speaker.

Rep. Thomas Declines To Give Testimony

WASHINGTON, Nov. 4.—(INS)—Rep. Thomas (R) N. J., declined today to testify before a Federal grand jury investigating charges that he received salary "kick-backs" from his congressional office employees.

Thomas appeared at the Federal court house at 10:10 a. m. (EST), for his appointment with the grand jury, but his attorney, William H. Collins, said the congressman would stand on his constitutional rights and refuse to testify.

Collins said that Thomas "reluctantly acquiesced" to his lawyer's recommendation that he refuse to give testimony.

HUGO HOUSE REBUILT

The house in Vianden, Luxembourg, in which Victor Hugo, famous French writer, once lived and wrote, recently was re-dedicated. It had been destroyed during the war and later rebuilt. Hugo lived in exile for nearly 20 years because he hated the rule of Napoleon III and wrote many of his poems in the house at Vianden, between 1822 and 1871. It became known afterward as Victor Hugo House and has been owned by the municipality since 1935.

WAR HURTS TRAVEL

Fighting in and around Palestine has made it a bad tourist season in the Far East. Lebanon missed the travel trade which normally provides a major source of national income, Beirut reports. Despite the fact that facilities had been improved to encourage visitors, the number recently reported this season was only 200, compared with 2,500 in the same period last year and 9,000 for the full 1947 season.

Poll Forecasters Are Completely Baffled

NEW YORK, Nov. 4.—(INS)—Two college professors who predicted President Truman's victory smiled in satisfaction today about their prophecy while three professional public forecasters still smarted under their "wrong guesses".

The comparatively unknown professors—F. A. Pearson and W. I. Myers, both of Cornell university—had their predictions rejected by several leading national publications, but saw their forecasts come true.

Dr. George Gallup, Archibald Crossley and Elmo Roper, who gave ample margin of victory to New York Gov. Thomas E. Dewey, are launching campaigns to find out why they missed.

Lessons in History

Professors Pearson and Myers predicted on Sept. 1 that "President Truman will win in November if the price level is high," they added:

"Lessons in history show that the public tends to vote for continuation of administrations that have been in power during prosperous times and to vote against the incumbent administration when depression marks the approach of election time."

Gallup, Crossley and Roper admitted they don't yet know what went wrong.

They admitted that the only one who knows the answer best is Harry S. Truman, the seer from Missouri.

For it was President Truman, the man who never had a chance, who proved he is the best of all public-opinion experts. He's in the White House again.

One Gallup official, scheduled to address a luncheon of the Exchange club in Freeport, L. I., failed to appear for understandable reasons. Club members went ahead and conducted an open forum on "the man who wasn't there."

Slippery Rock Youth, Liberty And Willard Granges To Join For Service

Plans have been completed for a joint service Sunday evening, November 7, at 8 o'clock in Mt. Hermon Presbyterian church. At that time members of Slippery Rock Youth Council, Liberty and Willard granges will be guests of the congregation.

Representatives of these organizations will participate in the service. Appropriate music will be offered by the Liberty Grange girls' chorus. Dr. C. W. Cochran, pastor of the host church, has chosen as his theme "God and His Gardener."

Wolves Club Has Dinner-Program

J. E. Eckles Is Speaker Tuesday Evening; Speaks About Amish Folks

J. E. Eckles was the speaker Tuesday evening at the Wolves club dinner-meeting held at The Castleton, his subject being about the Amish Dutch.

He said that the Amish Dutch is really the old order of the Mennonites, the second oldest Protestant church and started in Curick, Switzerland, in 1520. There are 17 branches of the Mennonites church, and about 18,400 members in the branches in North America.

The name was derived from one of the original leaders: Menno Simon. The branch came to this country in 1620 and are known to be excellent farmers. Lancaster County is their location in a nearby district. Their beliefs include: non-resistance, non-swearing of oaths, non-participation of government, rejection of infant baptism, and seclusion from the world. A question bee followed.

The speaker was heard after the dinner meeting. President Nicholas Casalandra presided.

Frank A. Germanino was a special guest, his host being Tom Malizia. November 16 is the next meeting.

ITALY RESUMES CAR SHOW

Turin, the center of Italy's automobile industry, has just finished its 31st international auto show, resumed after a 10-year lapse. Among the 278 exhibitors were six foreign makers—three American, two British and one French. The show was held in a newly erected building in Valentino Park overlooking the river Po. Trailers and sport and camping outfits were among the items displayed.

Marines To Mark 173rd Birthday

Burns Detachment Of Marine Corps League To Celebrate November 10

Local Marines will mark the 173rd birthday of the U. S. Marine Corps on November 10.

The Harry T. Burns detachment, Marine Corps League, will hold a birthday dinner and a dance in the rooms of the Ecclesias club on South Jefferson street, November 10.

Commandant George L. Jones announced today that a chicken dinner would be served at 6:30 followed by dancing.

MONTY GOT "BOB-A-WEEK"

Britain's Field Marshal Montgomery, recently visiting Yorkshire cadet camps, questioned working boys of 15 to 17 about their pay and pocket money. London reports. Boys of today, he

observed, seem to keep a third of their wages for themselves. "I think it is a matter for great consideration whether they do not get too much to spend," he said. "When I was 15 I had only a shilling (20 cents) a week."

Thanksgiving Service Sunday

Annual Thanksgiving service of Lawrence Lodge No. 18 and Valley Temple No. 187 will be held Sunday, November 7, at 3 o'clock p. m., in the St. Paul Baptist church, W. North street.

Principal speaker will be Hon. J. Finley Wilson, grand exalted ruler, I. B. P. O. E. W. Also on the program will be Thomas H. Montgomery, president of Pennsylvania State Association.

The service is open to the public. The activities of the day will begin with a breakfast from 9:30 to 11:30 a. m., in the Elks Home on Home street.

Drive Slow—Children Move Fast.

Will Organize Young Judea Club

The first organizational meeting of the Young Judea club known as the Macabees will be held at the home of David Alter, 311 East Lincoln avenue, on Saturday, November 6, at 7:30 o'clock.

Rabbi Jules Lipschutz, spiritual leader of the Tifereth Israel synagogue, has all the material in charge and will plan the academic and social programs for the year. He will talk on the "Israel State".

MAIL BOXES STUFFED

"Dead-end-kid types" are blamed by Dublin postal authorities for their letter-box troubles. Most troublesome offender is the one who slips a lighted match or piece of paper, or a lighted cigarette, through the mail box slot. Hardly less disagreeable to the fire authorities is the fellow who, in recent hot weather, scooped tar from the warm roads and pushed it into the boxes.

Columbus Boychoir Opens Met Season

Famous Youth Singing Organization To Appear Tonight In Cathedral

Opening the Metropolitan Concert Guild season for the fall and winter, the Columbus Boychoir will be presented tonight in the Cathedral at 8:30 o'clock.

The Columbus Boychoir is a famous youth musical organization that has been heard in concert over the United States. It is the first of three attractions the Metropolitan is presenting and it seems a fair statement to say that this year's attractions top those of previous years. The second attraction will be the Minneapolis Symphony orchestra and the closing attrac-

tion will be Helen Traubel, soprano of the Metropolitan Opera.

Because of the demand for single seat sales, the Metropolitan Concert Guild has arranged to place seats on sale at the door tonight. Calls have been received from other cities asking if such a

privilege was possible and William G. Morgan, president of the Metropolitan and the board of directors agreed.

The concert of the boys starts tonight at 8:30. This afternoon a school children's matinee was held at 3:30.

Army And Navy Ready For Tests On Bad Weather

New Phase Of Man's Warfare
Against Ancient Enemy
To Be Launched

NEW YORK, Nov. 4.—(INS)—The army and navy are ready today to launch a new phase of man's eternal warfare against the most ancient of his enemies—bad weather.

An official announcement said that the army signal corps and the office of naval research are about to begin tests of machines which may change North America's bitter winters into a balm spring.

No date or place were named for the experiments, titled "project cirrus". But the announcement did reveal that the rain-making device on which it is based has now been developed to work from airplanes.

Members of "project cirrus" made news before when they attempted to thwart New England forest fires in 1947 by artificial rain making, and when they tried to break up a tropical hurricane off Florida.

The weather-changers fling clouds of infinitesimal particles of silver iodine, about one-millionth of an inch in diameter, into "super-cooled" atmosphere. In principle, the particles collect moisture that falls to the ground as snow or rain. The use of silver iodine particles is said to be a marked advance over the previous rain-making attempts based on using particles of dry ice to collect moisture from the air.

The army services' announcement noted the curious paradox that the rain which may put out fire is actually made by fire. The silver iodine particles are produced by charcoal-burning units.

Worry And Anxiety Can Lead To Disease

CHICAGO, Nov. 4.—(INS)—People who say "I'm worrying myself sick" are often not exaggerating, in the opinion of one medical specialist.

Dr. Nathan W. Shock of the U. S. public health service, told the second international symposium on feelings and emotions at the University of Chicago that worry and anxiety, if uncontrolled, can lead to actual disease.

Dr. Shock called for more intensive research to establish the mechanism whereby worry leads to disease symptoms and to disease.

Aircraft Carriers May Be Used For Ocean Re-Fueling

WASHINGTON, Nov. 4.—(INS)—The use of aircraft carriers for mid-ocean refueling was envisioned as enabling air force fighter squadrons to reach European airfields in less than 12 hours should war come.

The feasibility of stationing carriers at sea to permit fighter planes to fly rather than be shipped to overseas land bases was demonstrated earlier this month by the Navy in the Pacific.

In the experimental flight, 12 fighter and attack planes flew from Moffett Field, California, to Hawaii—a distance of roughly 2100 miles—in approximately 11 1/2 hours by refueling on two carriers spaced along their flight route.

Naval observers in Washington point out that should hostilities occur suddenly in Europe or Asia a similar "pony express" operation could be established by the Navy and Air Force to speed fighting planes to the European or Asiatic theaters.

The experiment by the Navy was conducted by standard type rather than jet planes. Jet plane flights will be conducted in the future. The two carriers were located 800 miles from San Francisco and Honolulu respectively.

Eyes Of Dead Man Enable Mother Of Five To See

ATLANTIC CITY, N. J., Nov. 4.—(INS)—Thanks to the eyes of a dead man an Atlantic City mother of five children is able to see again.

Mrs. Catherine J. Rossiter, 37, who has been virtually blind for 15 years, underwent an operation in which the corneas from the eyes of the dead man were transplanted into her own.

The operation, believed to have been the first of its kind in New Jersey, took place last August, but it was not until yesterday that Mrs. Rossiter was certain she could see clearly.

She told doctors at Atlantic City hospital that she is able to see objects at distances up to 150 yards.

Mrs. Rossiter said the corneas came from the eyes of a Margate, N. J., man who died of a cerebral hemorrhage. The doctor's identity was not disclosed.

Procter & Gamble's new *TIDE* makes washday's most AMAZING PROMISE

No soap—no other "suds"—no other washing product known—will get your family wash as **CLEAN** as Tide!

World's **CLEANEST** wash!

Tide promises you a cleaner wash than you ever had before. A cleaner wash than any soap or any other washday product will give you. Tide leaves even your heaviest wash free from dirt... and actually removes dingy soap film, too. There's nothing like Tide.

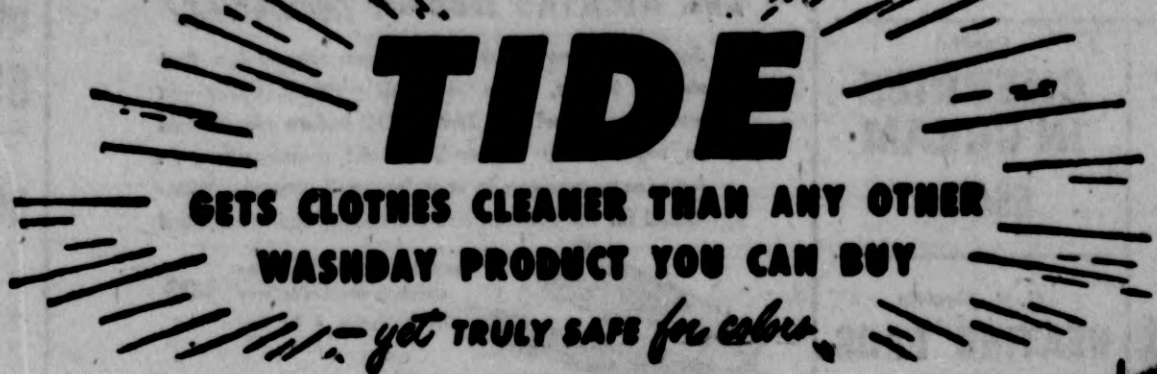

Actually **BRIGHTENS** colors!

Forgotten how bright your wash prints really are under that mask of dulling soap film? Let Tide show you! Colors perk up like magic as Tide removes soap film! And Tide does it safely. With all its unbeatable cleaning power, Tide's truly safe for all washables.

World's **WITTEST** wash!

Your neighbor's eyes will pop when you hang out your first Tide wash! Why, washed in hardest water, your white things will be whiter than hers—no matter what other washing product she may use. Tide—and only Tide—can make all these terrific promises!

TIDE
GETS CLOTHES CLEANER THAN ANY OTHER

WASHDAY PRODUCT YOU CAN BUY

Sales Of War Surplus Goods Abroad Near End

WASHINGTON, Nov. 4.—(INS)—The state department told congress that it is winding up sales of war surplus property after next Jan. 15.

Property which originally cost more than nine billion dollars has been sold for one billion 777 million dollars. Remaining inventories are down to 178 million dollars. The figures were contained in a quarterly report submitted to congress by Robert A. Lovett as acting secretary of state. The report covered operations of a state department agency, the office of foreign liquidation.

Lovett said the Army, Navy and Air Force agreed not to declare any more surplus property in Europe, Africa or the Middle East after Oct. 31.

In the Philippines and Japan, additional declarations will be received up to Dec. 31, and in Korea until next Jan. 15. The situation is more complicated in the Pacific because of remoteness from usual channels of trade.

After the agreed upon dates, the Army, Navy and Air Force will acquire additional authority to dispose of any foreign surplus property they have by direct sale.

No date was set for closing out the office of foreign liquidation, but this agency is to be discontinued when the property already in its hands has been satisfactorily disposed of.

FLOGGING THREAT URGED
A few more threats of flogging might save some lives, Coroner Dr. W. H. Davison, of Birmingham, England, suggested when he heard evidence on the drowning of two Wilson brothers, William and Raymond, aged 9 and 6, in a pool. "If fathers took a stronger hand and threatened boys: 'If I catch you there again I'll give you a good thrashing', I think it would be a good thing," he said. "It may be out of date and old-fashioned, but I think it would still pay."

Will Continue Battle Against Civil Rights Bill

Southern Leaders To Continue Opposition To Civil Rights Program

ATLANTA, Ga., Nov. 4.—(INS)—A continued battle against President Truman's civil rights legislation was pledged today by southern leaders.

Reaction varying from warm satisfaction to cool silence greeted the chief executive's startling upset in winning the general election. States' Rights presidential candidate J. Strom Thurmond pledged his cooperation to Mr. Truman and urged America to "close ranks."

But he declared: "Our crusade served to awaken the nation. And regardless of the outcome of the election, the fight will be continued against federal encroachment on states' autonomy." The South Carolina governor and his running-mate, Mississippi Gov. Fielding L. Wright, captured 38 electoral votes by winning in Alabama, Louisiana, Mississippi and South Carolina.

The loss of the four states was the only defection in southern ranks from a sweep by Mr. Truman, who nomination had been opposed unanimously below the Mason-Dixon line at the July Democratic national convention.

HUNTING ACCIDENT
WAYNESBURG, Pa., Nov. 4.—(INS)—The first Green County hunting accident victim was reported in a fair condition at the Memorial hospital in Waynesburg today.

He is Louis Hager, 32, of Clarksville, who suffered gunshot wounds in the shoulder and left eye while hunting near Waynesburg.

County Bands To Be In Parade

Nine School Bands Will Participate In Armistice Day Pageant Here

Chairman Arnold J. Barnsley, of the music committee for annual Armistice Day parade, which will be held here on the evening of November 11, today announced that there will be plenty of music for the big pageant that evening. There will be ten bands in the parade, all from Lawrence county, headed by the Senior High School and Perry S. Gaston Post, American Legion bands.

Others include the school bands from Ben Franklin and George Washington Junior high; Shenango high school, Bessemer high school, Mt. Jackson high school, with new red and white uniforms; Union high school, also in resplendent new uniforms of blue and white; Croton school and Mahoning school.

Following the parade, they will be entertained at the American Legion social rooms on Neshannock avenue, where lunch will be served, and there will be dancing during the evening.

The youths will be chaperoned by a committee from the veterans organizations and the ladies of the auxiliaries.

MUNT THEATRE BANDIT—CHAMBERSBURG, Pa., Nov. 4.—(WNS)—State and local police today were conducting an extensive search for a bandit who last night escaped with \$404 from a Chambersburg theatre after shooting and wounding the manager.

Police said Walter Ward was wounded in the left shoulder with a .22 caliber slug when he refused the masked bandit's demand for money. Ward said the intruder wore a flesh-colored mask.

Local Railroad Employee Retires

Fred H. Meyers, a veteran of 38 years service with the E. and A. Division of the Pennsylvania Railroad retired November 1. Dr. Meyers, a native of Salem, Mercer county, began to work for the railroad July 23, 1910, in New Castle. He was a train dispatcher at the time of retirement. Although all of his service was not in New Castle, he spent considerable time here and makes his home at 1208 Highland avenue.

RETURNS TO DUTY—Detective Thomas Lynch who has been off duty because of an operation and a period of convalescence has returned to detective duties in the police department.

Dr. John Gertsner Will Be Speaker

Wilkesburg Pastor To Speak At Westminster Spiritual Emphasis Week

(Special To The News)

NEW WILMINGTON, Nov. 4.—Dr. John Gertsner, pastor of the Second United Presbyterian church, Wilkesburg, will be the main speaker of Westminster college's Spiritual Emphasis Week, November 7-14.

Spiritual Emphasis Week is set aside each year as a period of spiritual reconcentration for students and faculty. The week's program, planned by a committee made up of representatives from campus organizations, includes evening meetings, prayer groups, personal conferences, and group discussions—all under the guidance of Dr. Gertsner.

He will also speak at regular morning and afternoon chapel programs. Students will lead the devotional parts of these services. Approximately 25 students make up the planning committee for the week. Jack Williams, son of Mr. and Mrs. John L. Williams, 107 Smithfield street, New Castle, is chairman of the group along with Miss Lou Cummings, New Wilmington.

Advisors for the week are Dr. W. J. McKnight, college pastor and dean of men, and Dr. Wayne A. Christy, associate professor of Bible.

A human being transferred to conditions similar to those found on the surface of the planet Jupiter would be simultaneously frozen, asphyxiated, poisoned and pressed to death by his own weight and the weight of the atmosphere which is about a million times the weight of the atmosphere on the earth.

Marines Eat And 'Beat' Platoon Drill

PARRIS ISLAND, S. C.—(INS)

—Marine Staff Sergeant Waldo J. Aleshire, a drill instructor at the Marines' East Coast "boot camp," has a reputation for turning out crack drill platoons.

"Men," he always say, "I want you to eat, sleep, and breathe close order drill."

His recruits have to remember to march at a steady rate of 120 paces a minute, or the sergeant gets sore.

Recently Sergeant Aleshire had a little trouble with one recruit who fouled up and appeared to be nervous and frustrated.

"Boy," snapped Aleshire, "you got your heart in this?"

"Yes-yes, sir."

Aleshire checked the lad's pulse. It was pounding at 120 beats per minute.

School Drama Clinic Planned At Westminster

NEW WILMINGTON, Nov. 4.—The Department of Speech and Dramatic Art at Westminster college has planned a high school drama clinic here, Saturday.

High school students and directors throughout Western Pennsylvania and Eastern Pennsylvania have been invited. They will study through demonstrations and discussions some of the finer points in staging school plays.

The clinic will deal with such topics as choosing and casting plays, rehearsal techniques, scenery construction, lighting, costumes, and make-up.

Among those who will participate is Max Ellis of the Cleveland Playhouse. Donald L. Barbe, head of the department, is in charge of the program.

WOMEN DRIVE "CONVOYS"

Women have found a new job they can handle in Africa—driving new cars into Rhodesia as "convoy battalions" to speed up delivery from Ladysmith and other points south. Bulawayo reports. Mrs. Margaret Montgomery, sister-in-law of Field Marshal Lord Montgomery, was one of the first team of women to join a convoy. Miss I. M. Pople, secretary to a Ladysmith car dealer, hit on the idea of organizing women drivers to make the deliveries to distant points.

The Dramatic Life Of Job

BIBLE TELLS OF MAN'S SUFFERING, FINAL TRIUMPH

Happy days of Job.

"Consider the wondrous works of God."—Job 37:14.

Many, many intensely dramatic stories are related in our Bible. They include tales of individuals—

from Adam to Peter, Paul and other New Testament personalities who led adventure-filled lives and stirring tales are also narrated of the Hebrew people, their tragedies, wanderings, sufferings, sins and triumphs.

Sometimes it seems that the history of the Jewish people, who have thought themselves the chosen people of God, have been so filled with tragedy and horror that there is no end to it. However, they, too, like Job, hero of today's Bible story, have remained true to Jehovah, and to their faith in ultimate salvation.

The Book of Job begins thus: "There was a man in the land of Uz, whose name was Job; and that man was perfect and upright, and one that feared God."

We are told that Job was a great and wealthy man. He had many possessions—sheep, camels, oxen, and "a very great household." He also had 10 fine chil-

dren—seven sons and three daughters.

Job feared Jehovah, sacrificed often to Him, even for his children whom, he feared, might be negligent in this rite. Job also was honest in business dealings, and generous to the poor and needy.

Now there came a day when the sons of God (His messengers or angels) presented themselves to the Lord, and Satan also came, because he too was an angel, although a fallen one.

The Lord said to Satan, "Whence comest thou?" And the Prince of Darkness replied, "From going to and fro in the earth, and from walking up and down in it." His answer shows the restlessness of an evil being.

The Lord asked Satan if he had considered His man Job, who was perfect and upright, "one that feareth God and turneth away from evil?" Satan suggested that Job might not prove so perfect if he was made to suffer without apparent cause. The Lord gave Satan permission to try Job by taking away his property, leaving him nothing, even depriving him of his children.

Satan took the challenge, and so it came about that all Job's possessions were destroyed, his children were killed while they were feasting together when the house collapsed, and nothing was left him.

When messengers brought these dreadful tidings to Job, he fell with his face to the ground, saying, "Naked came I out of my mother's womb, and naked shall I return thither; the Lord gave, and the Lord hath taken away; blessed be the name of the Lord."

Job had passed the first test and remained faithful, but more was to come. Satan said to the Lord, "Skin for skin, yea all that a man hath will he give for life. But put forth thine hand now, and touch his bone and his flesh, and he will curse Thee to Thy face."

The Lord answered, "Behold, he is in thine hand; but save his life."

So Job was afflicted with boils and suffered grievously, and his wife advised him to "curse God and die," but Job rebuked her. Three friends of Job's came and argued with him, saying that he must have sinned and these afflictions were his punishment, but Job would not agree. He was still faithful to Jehovah and would not accuse Him of injustice, although in his agony, he complained bitterly and wished he had died in childhood.

At the last Jehovah appeared to him in a whirlwind, asking who was complaining of his sufferings, demanding to know "Where wast thou when I laid the foundations of the world?" and reciting the wonders thereof which He had created, until Job was humbled, realizing how puny were his miseries compared with the marvels of the universe.

If there is time in the space allotted for the teaching of this lesson, part of the Lord's words to Job should be read. They are among the most beautiful in the whole Bible.

"Cast abroad the rage of thy wrath and behold every one that is proud and abase him," the Lord told Job.

"Then will I also confess unto thee that thine own right hand can save thee." After this the Lord praised Job for his constancy under torture, and thereafter He restored to him his riches, and ten more children were born to Job, three daughters and seven sons, as before.

Hunt Suspect In Slaying Of Ohio Policeman

Second Detroit Youth In Case Is Slain By Policeman In Encounter Wednesday

DETROIT, Nov. 4.—(INS)—Detroit area police intensified their search today for a young Detroit youth suspected of slaying an Ohio policeman during his getaway from a gas station holdup at Avon Lake, O.

Thought by local authorities was Arthur Benner, Jr., 19, who it is believed also may be responsible for the beating and robbery of a New York doctor near Detroit last night.

The physician, Dr. George Watt of New York City, was scheduled to examine pictures of the missing youth today in an attempt to identify assailants who forced him to drive at gunpoint to a lonely country spot and then robbed and beat him.

Benner became the object of a two-state search yesterday after the killing of the Ohio policeman in which another Detroit youth also was killed.

The second youth, William Shack-

lett, Jr., 21, was slain in a police chase after he and a companion deliberately sideswiped a truck and crushed to death Officer George Biggs who had stepped on the running board of their car to question them. The pair was fleeing after staging the gas station robbery.

Both men fled on foot and Shacklett was shot by pursuing officers. Police believed Benner may have escaped to Detroit in a car stolen from a Fremont, O., garage. Detroit police checked his home when notified but found he had been there and had stolen his father's automobile.

Young Governor Wins In Michigan

Despite Democratic Governor's Victory, Gov. Thomas E. Dewey Carries State

DETROIT, Nov. 4.—(INS)—Michigan faced a "new deal" in the true Roosevelt meaning of the word today with the election of young G. Mennen Williams as a Democratic governor.

Williams, heir to the Mennen shaving soap fortune, is a 37-year-old attorney who graduated from Princeton and has made a career of public service. He ousted colorful Republican Gov. Kim Sigler with a surprising 150,000 vote plurality.

The new governor, known as

"Soapy" to his friends, originally entered state politics in 1936 as an appointee of Supreme Court Justice Frank Murphy who was then Michigan governor. He plans a progressive program of public housing, labor relations, increased old age pensions and other New Deal philosophies.

Although Williams won handily in the gubernatorial contest, Michigan voters stood behind "native son" candidate Gov. Thomas E. Dewey in the presidential race. Late returns, still incomplete, gave the GOP candidate a margin of 34,000 ballots over President Truman.

DENVER.—(INS)—Two men who should know, recently praised Colorado's sheep industry. Ray Bladwell and Frank Leonard, two of Australia's leading sheepmen, recently toured the state and expressed approval of new methods and techniques.

TO START BOND DRIVE PHILADELPHIA, Nov. 4.—(INS)—E. A. Roberts, state chairman, announced today that the national drive to promote the sale of U. S. savings bonds will begin in Pennsylvania on Armistice Day. Pennsylvania's goal in the drive will be to boost the number of payroll bond buyers by 107,000. Roberts said. The drive will continue until Dec. 7.

LIGHTWEIGHT TRUCKS LOS GATOS, Cal.—(INS)—The Los Gatos post office has become the first in the nation to employ lightweight panel delivery trucks for carrying mail. Postmaster Cliff Hammontree has announced that the new cars, produced by the Crosley Motors of Cincinnati, not only have speeded the city's mail delivery but also have cut the department's gas and oil bill in half.

ADEQUATE WIRING

That night fixed it. She'd been saying for years she couldn't put up much longer with the poor wiring in their home. But that evening when he said she was slow—then she really had her say. Next morning they called the electrical contractor and arranged to have Adequate Wiring installed. In their home, now, there are no more "slow-downs" in the iron, nor in any of their appliances; no longer do appliances have to compete for current with each other and with lights being used elsewhere in the house. "Overloading" has been done away with. Adequate Wiring now supplies enough power for present and future electrical needs in their home.

Maybe you're not aware of "slow-downs" in your electrical equipment; but the fact is that electrical appliances are made to work quickly, efficiently and economically and you can't get this good service when your wires are overloaded.

Provision for plenty of power is only one feature of every Adequate Wiring installation. In a home that's Adequately Wired you don't need to put up with unsightly tangles of extension cords or go without lamps where you want them. You have enough outlets in every room to insure comfortable and convenient use of all your lights and appliances. There's no prowling around and knocking your shins in the dark, either, with the scientific system of permanent lights and switches which every Adequate Wiring installation provides.

ADEQUATE WIRING COSTS SO LITTLE—MEANS SO MUCH

Big Four Confab Reports Revived

London Writers See Conference Possible As Result Of Truman Election

By JAMES E. BROWN
(U. S. Staff Correspondent)

LONDON, Nov. 4.—The election of President Truman revived reports in Europe today of a possible meeting of the American chief executive with Premier Stalin and British and French government heads.

The political writer of the London Daily Express who related new talk of a confab of the Big Four high command explained that no steps have been taken to arrange such a meeting but said such a session cannot be ruled out.

The press in France generally agreed that the Truman victory gives enormous strength to the hand of the United States in international affairs.

Will Speed Action

The French feel that the American election will speed formation of a United States of Europe and the conclusion of a north Atlantic defense pact.

Western Germans generally hailed the results as assuring a continuance of U. S. foreign policy guaranteeing the rehabilitation of Germany.

Italians felt the development augurs well for future Italo-American relations.

Diplomatic quarters in London said that Truman's triumph pleased the British Laborite cabinet.

The Transport House headquarters of the Labor party was particularly gratified because they had forecast a Truman victory.

The London Daily Mail said that Truman has gained for himself an immensely more powerful position than he had before. This newspaper said that the Soviet government will have to recognize this situation may prove extremely important in any new policy which the president may decide to develop.

The Paris Communist newspaper L'Humanite wrote off the election results as a "Dewey defeat" rather than a "Truman victory."

New Castle Hospital Nurses Rooms Refurnished

Geraldine Cialella, 363 Phillips street, New Castle, a pre-clinical student, pauses in her studies to greet a caller, Senior student Henrietta Maciarelli, 1025 Huey street, New Castle, in one of the furnished rooms at the New Castle Hospital Nurses home. All the student rooms have been refurnished with new drapes and new furniture.

Refurnishing of the second, third and fourth floors of the New Castle Hospital Nurses Home has been completed, according to Sister Lawrence Mary, director of nurses. The improvements cost more than \$6,500, she disclosed.

All the dormitory rooms were renovated with new drapes, beds, dressers, occasional chairs and easy chairs, the nurse director stated. Study desks were also refurnished. Also given new furnishings were the two infirmary rooms which accommodate nursing students with minor illnesses.

"We are proud of these improvements," said Sister Lawrence Mary.

"They create a more home-like atmosphere for the students and make their nursing education more enjoyable."

Although furnishings are identical in each room, each student is allowed to arrange the furniture to her own taste, the nurse director emphasized.

publicans as well as Democrats but the great bulk of its effort was for the latter.

One noteworthy exception was labor's support of Rep. Javits (R) N. Y., who won out over the brother of New York City's Democratic Mayor O'Dwyer.

Meany claimed that 15 of the 16 AFL-backed Senate candidates and 86 of its 105 House choices scored victories. He said 67 senators and representatives who voted for the Taft-Hartley law met defeat either in the primaries or the general election.

Kroll asserted that "the politicians of America won't forget the 1948 election for the next 50 years" and that "it will influence legislation for that length of time."

NAVIGATOR RECALLED
When New Zealand's governor-general, Sir Bernard Freyberg, visited the Cook Islands recently, he learned that Captain James Cook, who became the British Empire's most famous navigator, still is remembered there with pride. Sir Bernard landed on the little island of Atiu (pronounced Ah-Chu) in a surf-boat manned by skillful native boatmen. Welcoming speeches advised him that Atiu was the first island in the Cook group, at which Captain Cook landed some 200 years ago, Auckland reports.

State Employment
Office Placements
Continue High

Wholesale And Retail Workers
For Christmas And Women
Day Workers Needed
Placements by the local state
employment office continued to
run high last month, and claims

paid continued their downward
spiral, according to George Get-
tings, manager.
More than 300 jobs were found
for registrants, 200 of these in the
immediate New Castle area. The
number of physically handicapped
persons placed doubled the figure
of the previous month. Twenty
per cent of all placements were
made in the retail and wholesale
trades last month. This is an ex-
ceptionally high figure that has
been increasing each month. The
increased percentage will probably

continue this month as the de-
mand for Christmas help grows.
Already there are many openings
for Christmas help and all of those
desiring work during the approach-
ing holiday season should register
as soon as possible.
The number of applicants look-
ing for work increased last month
by one-third. However, because of
the scarcity of workers in many
fields, jobs were found for most
of the registrants. An exception-
ally fine example of good service
by the employment office develop-

ed last week when an employer
called for a first-class welder.
Within an hour from the
call was received, the welder had
punched the time clock and was
on the job.
Local employment office officials
anticipate an increase in the
demand for women day workers.

Almira Home Donation Day Fine Success

Almira Home's annual ingathering donation day, which took place Wednesday at the home in conjunction with open house all day, was highly successful. As friends called with offerings of foodstuffs and staple groceries, the reception hall quickly filled with jars of canned fruits and vegetables, sacks of sugar, bushels of potatoes and apples, jams, jellies, etc.

In all, 1200 quarts of canned goods were received, as were nearly 700 pounds of sugar, many bushels of potatoes, a quantity of soap, a number of sheets, numerous jars of jams, jellies and pickles. Gifts of money were also received. Lovely bouquets of fall flowers sent by friends of the home were placed about the reception hall and dining room.

Open House
Between the hours of 10 a. m. and noon, two and four o'clock in the afternoon and seven to nine in the evening, open house was observed, with members of the senior and junior boards of the home and the administrative staff greeting those who called.

There were members of the board present from Grove City, Mercer, Sharon and Slippery Rock in addition to those from New Castle.

As a highlight of entertainment during the evening reception hours, Miss Lucille Paisley, with Mrs. Jay L. Reed as accompanist, sang the Twenty-Third Psalm, the Lord's Prayer and "The Old Rugged Cross" for Mrs. Ida Paisley, a resident at the home.

Refreshments of cider and doughnuts were served to those who called during the day.

Mrs. W. Walter Braham is donation day chairman.

At the present time there are 48 aged ladies resident at the home.

STRUCK BY AUTO
William Johns, R. D. 1, reported to police at 8:10 a. m. today he was driving west in Grant street. He said Viola Robertson, 108 West avenue, stepped from behind a Shenandoah river bridge girder and was struck by his car. She was knocked down. He took her to the office of a physician for treatment.

Will Test New Barracks Made For Arctic Service

Navy Seabees Will Make Test Of Ability Of Barracks To Stand Cold

WASHINGTON, Nov. 4.—(INS)—Sixteen Navy Seabees will serve as guinea pigs in the Arctic to test a newly-developed prefabricated barrack designed to withstand 150-mile-an-hour gales and 13-foot snowfalls.

The Navy said that the barrack will receive its first low-temperature trial next month and then be subjected to actual Arctic rigors at Point Barrow, Alaska.

The Seabees will call the hut their home this winter while testing its warmth and durability. Two oil-burning space heaters, three inches of insulation in the walls and five inches in the floor and roof are expected to keep the temperature inside at 70 degrees in a 65-degree-below climate.

The initial low-temperature tests will be conducted in the world's largest cold weather hanger at Eglin Air Force Base, Florida, about Nov. 15.

The barrack, weighing only five tons, can be erected by 12 Seabees in one hour and 45 minutes. The panels have an outer covering of thin sheet aluminum and are connected by pins and wedges to a basic framework of aluminum beams.

A mallet and a socket wrench, the latter also serving as part of the door handle, are the only tools necessary for assembly. Designed to serve either as a 16-man barrack or an equipment storage hut, the structure was developed under Navy contracts by the Douglas Aircraft Company at El Segundo, Calif.

Hydraulic jacks have already exerted pressure on the barrack's side equal to a 150-mile-an-hour gale. The roof also has been subjected to pressure comparable to a 13-foot snowfall.

Second Concert Will Be Given

James Dutton, Marimbist, Will Be Heard In Musical Event Sponsored By Kiwanis Ladies

The second in a series of four musical concerts sponsored by the Ladies of the Kiwanis in this city, will take place at the George Washington Junior High school auditorium on Saturday evening, November 6 at 8:30 o'clock.

The artist for this presentation is James Dutton, marimbist, a true virtuoso of the instrument. He has appeared for two seasons as featured marimbist with the 150-piece Marimba Symphony orchestra. Assisting him on the program is his talented wife, Harriet Dutton, pianist.

Name Date For Argentine Vote

BUENOS AIRES.—(INS)—The Argentine government recently set Dec. 5th as the date for nationwide elections of assemblymen who will re-draft Argentina's cen-

tury-old liberal constitution allegedly to insert President Peron's socialist and nationalist principles. The announcement presages an increase in the tempo of political campaigning already underway on a bitter keynote of mud-slinging and threats between the Peronista Party and the opposition groups—the 'Union Civica Radical' and the Socialist Party.

President Peron has threatened to jail all opposition politicians unless they change their tactics in attacking his social reform. The opposition charges that the Peronista Party is redrafting the constitution in order to perpetuate itself in power by cancelling the prohibition against presidential re-elections for consecutive terms.

Prepare To House Wage Tax Office

Reports are current in city hall that the proposed wage tax office will be located on the second floor of the city building annex in East Street. It is reported that the

building can be revamped to serve the purpose without much cost. The wage tax levy bill will come up for final vote before council, November 15.

Game protectors report the rabbit supply better than in the last three or four years. The bunny has a high stocking rate this year—more than 100,000.

CULM DREDGED
HARRISBURG, Nov. 4.—(INS)—A quarter of a million tons of culm have been dredged from the Schuylkill river since scouring of the river bottom was started September 30, the department of forests and waters reported today. Secretary M. F. Draemel said the program is proceeding on schedule.

The first part of the \$35,000,000 dredging project is being carried out in the vicinity of Stouffville Ferry and Cross Keys above Reading. The sand-fine coal particles are scooped from the river by specially designed dredges and pumped to impounding basins lining the shore through pipe.

Mt. Jackson Boys Place High In Show

Jack Hays Wins Sixth And Tenth Places With Steers At Pittsburgh

Two Mt. Jackson FFA youths placed high in the Pittsburgh junior livestock show, when the winners were announced late yesterday. Considering the high number in the show, they were signally honored.

Jack Hays, son of Mr. and Mrs. John Hays of New Middletown R. D. 1, had two Hereford steers in the show, which took sixth and tenth places, respectively.

Bruce Brown, son of Mr. and Mrs. Paul Brown of Enon Valley, won sixth place with his pen of Shropshire lambs.

They will share in the prize awards, in addition to what they will receive from the sale of their lambs at the show.

Illinois Won By Truman By Only Majority Of 50,000

CHICAGO, Nov. 4.—(INS)—President Truman's victory in Illinois appeared today to have been won by a scant 50,000 votes.

Unofficial returns from all but 26 of the state's precincts gave Mr. Truman 1,983,419 votes to 1,930,177 for Gov. Thomas E. Dewey.

Normally Democratic Cook county's 1,213,755 votes for the president provided a large enough margin to offset smaller-than-usual Republican majorities from the downstate areas.

State Election Result Mirrors 16 Years Ago

By JOHN PAGET
(U. S. Staff Correspondent)

HARRISBURG, Nov. 4.—Pennsylvania's general election today mirrored balloting 16 years ago when the state also registered a Republican majority while the nation turned to a Democratic administration in Washington.

GOP organization leaders, stunned by the election of President Truman after his defeat was widely forecast by so-called experts, found some solace in the Republican victory in Pennsylvania which assured the party domination of the General Assembly and the 33-member congressional delegation. The unofficial vote was Dewey 1,901,100 and Truman 1,751,100. Progressives polled about 54,000 votes.

Democrats lost all but 13 of the state's 67 counties but nevertheless they drastically revised the 28-5 GOP lead in the congressional delegation and the top-heavy 169-39 domination of the state house of representatives.

New Lineups
The new lineups are expected to be, when official tallies are completed, 17-16 in congress and 119-90 in the house—both Republican. Republicans also elected State Sen. Weldon B. Heyburn auditor general and Welfare Secretary Charles R. Barber state treasurer. Surprisingly, Democrats lost a senator in Philadelphia despite the numbing defeat handed the GOP organization Tuesday. He was H. Jerome Jaspas who was swept into office in 1936 and rode the Democratic victory train in each succeeding national election until this year.

Another Seat
His defeat assured Republicans of another seat in the 50-member senate, thus boosting their membership to 35 or one more than necessary to confirm Gov. James H. Duff's executive appointments and approve some appropriation bills. One hundred and five votes are needed to control the house. Returned to the legislature were Sen. M. Harvey Taylor of Dauphin. GOP state chairman and president pro tempore of the senate, and

Acting House Speaker Herbert P. Sorg of Elk.

Republicans and the Dewey-Warren slate failed to carry politically important Philadelphia and fell far short of holding down the plurality in the Truman-Barkley slate in Allegheny.

So sure were the Republicans of carrying Philadelphia, they forecast a 140,000 majority for Dewey shortly before the polls closed, that the central campaign committee erred and claimed the city for the GOP by a couple thousand votes. A rueful recheck revealed Truman had cut the ground from beneath the Republican organization to win the city by more than 6000 votes.

LEGION BAND TO HAVE REHEARSAL

Perry S. Gaston Post, American Legion Band, will have its rehearsal in preparation for Armistice Day at the Legion Home this evening at 7:30 o'clock.

Members who were measured for jackets are expected to be present this evening.

Dorr's Rebellion occurred in Rhode Island in 1842. It was due to an election contest for the governorship. Thomas W. Dorr was inaugurated by the suffragists and Samuel W. King by the landholders. Dorr's adherents tried to seize the arsenal in Providence. King declared martial law. Dorr was convicted of treason and in 1844 was sentenced to life imprisonment, but was released in 1847.

Will Have Services For Zionists Friday

David Lowenthal, Pittsburgh, To Be Speaker At Tifereth Israel Synagogue

A special religious service will be held this Friday evening, November 5, at 8 p.m. dedicated to the Zionist district of Lawrence county at Tifereth Israel synagogue.

Rabbi Jules Lipschutz will preach a special sermon commemorating Balfour Day observance and the Israeli state. The guest speaker of the evening at the Sabbath reception will be David Lowenthal, director of "Material for Palestine," of Pittsburgh, Pa. Mr. Lowenthal, a personality of distinguished merit and esteem, will present a dynamic message to New

Castle Jewry upon the subject of "Preparations for Victory."

A reception will be tendered the assembly by the Zionist Chapter of Lawrence county. Jacob Raffel, president of the local Zionist district, will extend greetings on behalf of the community.

Regular sessions of the Sunday school department will commence on Sunday morning, November 7, at 10:15 a.m. sharp at Tifereth Israel synagogue. New students will be classified according to age and scholarship merits. A well balanced and progressive curriculum has been outlined which will be exercised throughout the school year.

A newly formed consecration will be taught by Rabbi Jules Lipschutz comprising students of high school age, who will be eligible for graduation in June, 1948. The course of study will be "Ethics and Philosophy of Scriptures."

The Jr. congregation will conduct religious services this Saturday morning at 10:30 a.m. Refresh-

ments will be served the children by the Sisterhood of Tifereth Israel.

Puerto Rico harvests salt from the sea today just as it has been doing for almost a century since

Spanish settlers first began the process. Tons of sea water are pumped into shallow beds or pits, allowed to dehydrate under the tropical sun, and the salt residue is then scraped and shoveled into huge storage "snow drifts." Even

with this primitive method, about 10,000 tons of salt annually are produced.

More than two million pounds of rubber are normally used each year for rubber erasers.

The building codes of two mid-western states specify that all chimney or flue liners installed be made of stainless steel sheet, as a precaution against wear by corrosion and eventual fire hazards.

Rayburn May Be Speaker Of House Again

NEW YORK, Nov. 4.—(INS)—The unexpected sweep which gives the Democrats control of the 81st Congress will return the House speakership to Rep. Sam Rayburn of Texas if he wants it, and will bring a new Democratic leader in the Senate.

As vice-president, Sen. Alben W. Barkley of Kentucky—the present minority leader and former majority leader—will preside over the Senate.

Barkley will be 71 on November 24. His election comes as a birthday present he never expected when he was nominated in Philadelphia last summer.

Rayburn will be 67 next January 6. He stepped down from the House speaker's chair in January 1947 when the Republicans took control with the 80th Congress.

With the odds supposedly against a Democratic victory on Capitol Hill, there has been little talk in party councils about the new leadership.

As minority whip in the Senate, Sen. Lucas (D) Ill., would be expected to top the list as Barkley's successor in the majority leadership there.

But others with seniority and outstanding floor ability include such veterans as Sens. Tydings (D) Md., O'Mahoney (D) Wyo., and Russell (D) Ga.

W.C.T.U. To Meet For All Day Session

Quintet Workshop, with Allegheny, Beaver, Butler, Lawrence and Washington counties participating, will meet in the Smithfield Street Methodist church, Pittsburgh, Pa., Smithfield street and Seventh avenue, Tuesday, November 9. It will be an all-day session, beginning at 10:00 a.m.

This meeting will be conducted by state officers, with state president, Mrs. Ella B. Black, state vice president, Mrs. Emma O. Leonard, institute director, Mrs. Frances Callahan, amethyst beverages, Mrs. J. Earl Coffin and Mrs. T. E. Carson, branch secretary of the L.T.L.

Mrs. Thomas A. Gilkey, of Lawrence county, will represent the W.C.T.U. in parliamentary usage. Officers and directors of local unions are urged to be present and all others who wish to attend.

New Castle Primes For Class AA Clash At Aliquippa

'Canes Will Windup WPIAL Card Friday

New Castle High's undefeated and untied "Red Hurricane" will end its long WPIAL Class AA card at Aliquippa Friday night. It will be the seventh double A clash that the 'Canes have participated in.

The kickoff at the Aliquippa stadium tomorrow will occur at 8:15 o'clock. It will find a large crowd on hand, more than 2,000 from New Castle, will make the trip to the valley for the tussle.

Bears-Browns Tangle Sunday

Wabash Bears Card Famous Akron Browns For Union High Field At 3 O'Clock

New Castle football fans will see a Bears and Browns game Sunday at 3 o'clock at the Union High Field.

This is the Wabash Bears and the Akron Browns, two powerful semi-pro grid machines. The Bears are getting in shape for their Armistice Night game at the stadium with the Fort Myer, Virginia soldiers, in the Lions Club benefit.

Meeting the Akronites Sunday will give them experience.

Still rejoicing over the 10 to 0 win last Sunday beating Salem, Ohio, the Bears will workout tonight at 4:30 o'clock rain or shine at the P. & L. E. field, President Domenick announced.

The Akron team will average better than 200 pounds. This will be the heaviest team the Bears have faced this year. The Bears hold a win over the McKeesport semi-pros and a tie with the Youngstown Southside Merchants.

The Bears have a Thanksgiving Day date with the Ellwood Vets for the Pro-Indus Club benefit, which will just about windup their activities.

Worrell Jones, general chairman of the Armistice Night Lions Club game announced today that reserved seats can be bought in advance at the Mahoning Drug Store on Liberty street in Mahoningtown, in addition to the sale at the Lumley Theatre building and at the Ed Pritchard Real Estate Agency on North Mercer street.

One of Penn State's all-time greats, Charley Ridenour, will give Charlie Spedid a helping hand with the Lion wrestlers in 1949.

Penn State was undefeated on its home gridiron from 1888 until Notre Dame turned the trick in 1913.

GUESSING the GRID GAMES

These selections are by Walter L. Johns — KING FEATURES

All Five Class AA Teams Play Friday

The heat's off this week for the five contenders in the WPIAL class AA title. For one of the few times since the race began in September, the contending eleven enter games in which the opposition

should offer little more than a good workout.

All five challengers go into action Friday night and it's the same teams that defended their claims so successfully last weekend.

Perhaps the easiest chore is allotted to Duquesne. The "Little Dukes" are at home with Erie Tech in a non-league encounter. Win or lose—and they are favored—Duquesne will still be running with the pack next week.

New Castle At Aliquippa

Over-confidence is the only force New Castle will have to fear at Aliquippa. Although the Quips have been bounced five times this year, a letdown by the "Red Hurricane" may enable Aliquippa to pull a surprise. More probably, though, Phil Bridenbaugh's boys will win.

After a bruising victorious decision over Ambridge, defending champion New Kensington may not be able to roll up the score on Vandergrift at New Kensington. But the Kensters figure to extend their two-year unbeaten string and it's not likely Vandy can change the setup.

Monongahela's Wildcats who have improved each week under the veteran Ben Haldy appear in great shape for a strong finish.

They're a little light on points under the Gardner system. But the Wildcats will keep plugging away in the hope that one of the challengers may falter.

Wilkesburg vs Latrobe

They figure to repulse visiting Charierol without too much difficulty.

The fifth challenger, Wilkesburg, has a fairly easy evening ahead with Latrobe at Graham field. The Holy City may have one eye on the McKeesport game which comes up next week, but nonetheless the chances for a Latrobe upset are negligible.

Lions Pushing Benefit Game

Expect Large Crowd To See Bears And Soldiers Play Armistice Night At Stadium

Worrell M. Jones, general chairman of the Lions club benefit football game at the stadium Armistice Night, pitting the Wabash Bears of this city against the Fort Myer, Va., soldier gridgers, has caught fire here, and there is a brisk sale of reserved seat tickets.

The kickoff at 8:15 next Thursday evening will no doubt find a large crowd in the Taggart stadium stands. Tickets sell for \$1.00 reserved seats, 60 cents general admission and 35 cents to students. Tickets are on sale at three spots: Lumley Pharmacy in the Penn Theatre building, Ed Pritchard's Real Estate office on North Mercer street, and the Mahoning Drug store on Liberty street in Mahoningtown.

The Fort Myer team, one of the strongest service teams in the East, will bring a lineup of stars here from colleges and high schools. They have a fine record and are highly rated.

Frankie Moran Beats Callahan

After Losing First Two Rounds, Moran Solves Bostonian's Style, Wins

RONZI SCORES TKO OVER JIM RUSSELL

Frankie Moran, 147, New Castle, decisively Vince Callahan, 147, Boston, in eight rounds before 1,329 paid fans last night in The Arena. Moran forced the fight, landed the most punches and hit the stiffest blows.

Callahan's ducking and weaving had Moran puzzled for several rounds, but beginning with the fourth, Frankie began to solve it. Callahan fought defensively.

One of Moran's first rights to head in the opening round staggered Callahan, after which he shifted his attack to the body. However, Callahan's speed and lances entitled him to the round. Callahan fought good to the body in the second, then shifted his attack to the head. He had the best of an exchange and took the round from Frankie who kept after the Bostonian.

Callahan took the first part of the third and Moran the latter part. Moran was commencing to solve the elusive style of the Bostonian who would bend jackknife fashion and take punches on top of the head. The round was even.

Vince Losing Speed

Moran speeded up in the fourth, had the best of an exchange and at the end of the round Callahan's speed had been partly dissipated. Moran took this round and also captured the fifth.

Callahan weaved out of dangerous punches' way in the sixth but Moran put rights and lefts to the body twice. The blows were damaging. Callahan sent a left to the head as the round ended in Moran's favor. Callahan boxed defensively.

They slugged in the seventh. Moran sent a left to body, and right to side. Callahan sent a left to the body and Moran pounded the top of Callahan's head. Callahan backed away and landed seldom. Moran won the chapter.

Chases Callahan

In the eighth, Moran chased Callahan around the ring. However, Callahan lashed out with a flurry to the body. Moran put a right and left to the head and kept punching.

Callahan delivered a left to the head. Moran slipped, his one hand touching the floor. Moran put a left to the jaw, right and left to the body and head and then Callahan sent a right to the jaw.

Moran put another right and left to the top of Callahan's head because "Cal" bent over, and covered. Moran received the decision.

Kayode In 15 Seconds

Chuck Lackey, 165, Canton, was knocked out by Billy Pozza, 180, Ellwood City, with a right to the jaw in 15 seconds of the first round. Lackey appeared very amateurish when he left his corner and proved no match for Pozza.

Before the fight, Here & There wrote Lackey had had only eight pro' fights, and indicated Lackey would probably fall prey to Pozza. Pozza should be matched only with someone who stands an even chance with him.

The Jim Russell, 241, Pittsburgh, Rizieri Ronzi, 203, Youngstown, fight, was the best battle of the Evening's Evening and had the fans upon their toes. Rizieri scored a TKO in the sixth round.

Ronzi floored Russell with a right for a count of eight in the first round, and in the third, a right to the jaw forced Jim to clinch. Ronzi kept out in front of his heavier opponent throughout the first five rounds.

Scores Technical 'Kayo'

In the sixth he knocked down Russell twice, and then Russell slipped to the floor and took another eight count, after which Ronzi knocked down Russell as his seconds tossed in the towel. Russell was down five times.

Row Crews, 155, Ellwood City, had no trouble outpointing Les Leasure, 155, New Castle, in four rounds. He floored Leasure for eight seconds in the first round. Willie Wright, 158, won a four round award over Herb McDonald, 160, Canton.

Johnny Luccisano, Ellwood City promoter, made all the matches for the Jefferson A.C. last night. The house grossed \$2,063, and when all expenses were totalled it was found to be a loser.

Sam Leysnack and Jack Shriker alternated as referee and judge. Bob Fraser was the other judge. Jack Dougall, former local man, now of Sharon, announced and Humbert Fazzone kept time. Anthony DeAndrea represented the State commission.

Louis And Conn In Exhibition

CHICAGO, Nov. 4.—(INS)—Joe Louis, heavyweight boxing champion of the world, and Billy Conn, the man who twice tried to lift the Brown Bomber's title, will fight a six-round exhibition bout in Chicago on Dec. 10.

The bout will be held in the International Amphitheatre. The last meeting between the two was in New York in June, 1946, when Louis, making his first appearance after leaving the army, kayode the Pittsburgh challenger in the eighth round.

ALL-STAR TEAM TRIPS TORONTO

CHICAGO, Nov. 4.—(INS)—The National Hockey league's all-star team has celebrated its second birthday, and it was apparent today that history is ready to repeat itself as often as necessary.

In the first all-star game, played at Toronto a year ago, the Toronto Maple Leafs, Stanley Cup champions, lost to the stars of the other five league teams, 4 to 3.

In the second game, played at Chicago last night, the Toronto Maple Leafs, Stanley Cup champions, lost to the stars of the other five teams, 3 to 1.

Pirates Seeking Five Managers

PITTSBURGH, Nov. 4.—(INS)—General Manager Roy Hameray said the Pittsburgh Pirates were looking today for five managers to take over clubs in the farm system.

Hameray, who took over the added duties of farm director when Ray Kennedy resigned Wednesday, said the Bucs would concentrate on "quality not quantity" in their retraining program.

Carver In Doubt As To Saddler's "Win"

By LAWTON CARVER (International News Service Sports Editor)

NEW YORK, Nov. 4.—It would be a pleasure today to be able to write as an absolute fact either of two conclusions about Willie Pep's loss of the featherweight championship to Sandy Saddler.

To be able to say with conviction that last Friday night's fight was dead on the level or a fix would answer the biggest question prevalent in the New York boxing business.

Published pre-fight rumors established the possibility that the works were in.

Talk It Over

Boxing writers huddled in the Madison Square Garden lobby while the preliminaries were being run off exchanged sinister gossip going the rounds of Broadway.

It was reported that some sizeable bets had been made on Saddler, who finally was a 3 to 1 underdog in fluctuating odds.

One observer expressed the opinion that the rumors had been started by gamblers trying to balance their books with some Saddler money.

Another pointed out that rumors were so persistent that Eddie Egan, chairman of the boxing commission, had lectured the fighters at the noon weigh-in.

Still another said that he thought Saddler had a great chance because of his weight and reach and punch to win the title without any convincing.

No one agreed with this viewpoint.

Some one then pointed out that Pep had been in 136 fights and Saddler in 93 without a scandal.

Looks Fishy

So everybody skeptically went in to watch the fight. As one guy remarked:

"I still think it's fishy if the

books at the last minute refuse to take a bet on Saddler."

In view of the foregoing it was almost impossible to watch the fight without prejudice.

Despite all you had heard and read, the fight appeared to be fought strictly on its merits. Saddler roughed Pep up and all but choked the champion to death with strange holds several times in the clinches.

Got Long Count

He whacked Pep with an early right that brought blood from the nose, hurt Pep in close in the second round, floored him with valid punches twice in the third and belted him out in the fourth. It appeared to be an authentic knockout.

However, on the second knockdown in the third round Pep showed marked disinclination to rise and actually Referee Ruby Goldstein counted 10 before Pep had regained his feet.

He was on his way up at the time and Goldstein permitted the fight to continue. The bell soon sounded and Pep was saved until the fourth when he was counted out to the tune of a chorus of boos.

Chairman Egan of the commission was among those who insisted the fight looked all right.

I am among those who will remain in doubt.

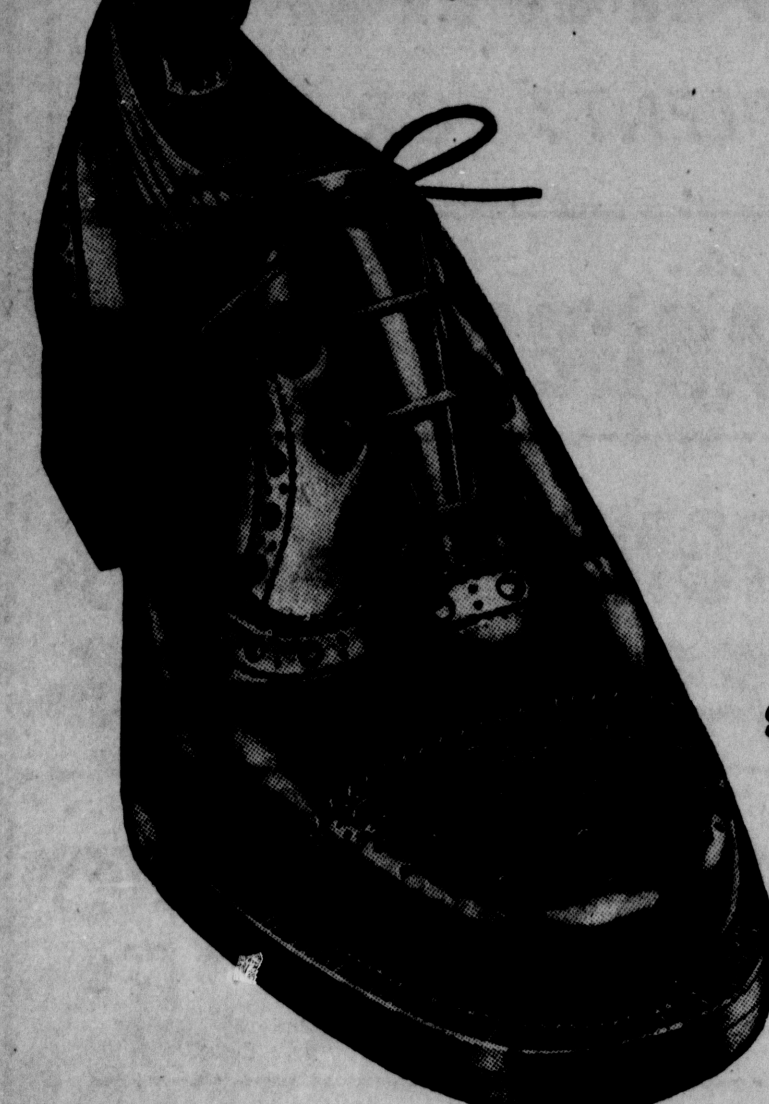

MORETTI AND OYE LEAD BIKE RACERS

CHICAGO, Nov. 4.—(INS)—Cesare Moretti and Rene Cyr maintained a slight lead today in Chicago's 47th international six-day bike race as the 11 teams rolled past the 76th hour.

The Italian-Canadian duo's margin was based on its 264-point total rung up after a night of spectacular jamming.

State Vs Penn Grid Battle Saturday Holds Spotlight

By TROY GORDON
(International News Service Sports Writer)
PITTSBURGH, Nov. 4.—The 1948 college football season in Pennsylvania reaches its climax Saturday in Philadelphia, with Penn and Penn State tangling for the state championship and a shot at the eastern grid title.

Just who will be favored is a question most likely to be determined by which side of the Allegheny mountains you obtain your information.

But no matter what your preferences, the contest promises to be one of the best of the season.

Both Undeclared
Both teams are undeclared and pushing Army for the eastern football title. Penn State has a tie on its record this season, and its unbeaten streak extends through 15 games, including 13 triumphs and two deadlocks. Penn hasn't lost in its last 14 appearances, with one tie thrown in.

Last Saturday both squads had easy matches. Penn State drubbed Colgate 33-13 and Penn trounced Washington & Lee 40-7. It was Penn's 500th football victory.

Pitt Vs. Ohio State
Probably second in importance to the Keystone state is the University of Pittsburgh-Ohio State clash at Columbus, O. A year ago Pitt upset the Buckeyes for the Eastern's only "major" games get that designation primarily because of past reputations. Such teams include Bucknell, Carnegie Tech, Duquesne and Temple.

Villanova, having a good season, tangles with Kentucky at Lexington in the Bluegrass state. The Wildcats beat Detroit 27-6 last week, and Kentucky defeated Cincinnati 28-7.

Lafayette plays Rutgers at New Brunswick, N. J. The Leopards added another victory last week, George Washington falling 33-14. Rutgers was defeated 20-6 by Brown.

Muhlenberg meets Lehigh at Bethlehem, with the Mules slated to win. Muhlenberg lost to Delaware 0-12 Saturday, and New York University edged the Engineers 21-20.

Temple, fresh from its first win of the year, takes on Syracuse at Philadelphia. The Owls won from Bucknell 10-0 last week, and Syracuse lost to Boston University 7-12.

Bucknell Vs. W. & J.
Bucknell and Washington & Jefferson play at Washington, Pa. The Presidents outplayed Carnegie Tech 19 to 7 last week, while Bucknell absorbed its sixth defeat.

Duquesne, still muttering about the penalty which cost the Dukes a 14-13 defeat by Ohio university Saturday, takes on Holy Cross at Pittsburgh.

HERE AND THERE IN SPORTS' LAND

WITH most of the pro-football teams going into the red, a break-up, and later probably one league, is not unanticipated. Coaches of the pros are said to be casting eyes toward college jobs. . . . Owen Fox, local naturalist, says a rat destroys for use, seven bushels of grain, for every bushel they eat, and, if caged they will gnaw through any material, even glass, if given sufficient time. . . . Not so long ago, Public Safety Director Dick Davis had employees place poison on the Castle Street dump to get rid of some rodents. . . . Merle Richards, who had Martin Doyle box Frankie Moran here, is a legitimate chap. Some of his boxers, left town without paying their hotel bill due to a misunderstanding. Mr. Richards forwarded the hotel the amount due. He also forwarded to Jack Biddle, local middleweight, some expense money Richards forgot to give Jack for a bout which Richards, of Detroit, arranged. . . . Bill Ford Francis likes to see the tin ear fraternity in action. It is doubtful if anyone here has witnessed more bouts, here and there, than Bill. . . . Paul Dingledy, assistant to Vice-President and General Manager L. B. Round of the "PPO", at one time a tennis player, is on vacation. . . . Dick Davis, safety director, will see the Cleveland Browns and Baltimore Colts grid Sunday in Cleveland. And by the way, Pitt authorities claim they are not seeking the services of Coach Paul Brown of Cleveland, who formerly coached Massillon high and Ohio State. . . . "That was some 'fish' Scott McCaslin 'hooked'," said Wes Davy, veteran angler, after studying The News photo of the 36½ pound "Muskie" taken from the Shenango river, near Sharpsville. . . . Reports say many Lawrence county farms are posted. One Few Mill road resident said his farm is posted because, last year, hunters shot near his home then stole his dog. . . . Del Wels shot a grouse near Princeton. George Price got four rabbits. Most of the game they saw were in pockets, they report.

To Mayor Haven: A year or two ago ex-Mayor Mayne, Willis McMullen, and yourself, accompanied Here & There to Sandy creek. Having no luck upon your return, you said: "There was only one fish in the creek, and it died of loneliness." Note: Bob Wolanin of Oakland and Lou Krueger of this city, fished Sandy, Sunday. They put back seven Northern Pike ranging from 20 to 22 inches in length. Wolanin caught one 24 inches in length and when snagged, lost a "whopper". Fishing is said to be good in French creek. . . . Dick Francis reports the Allegheny river is the lowest in years.

Giants Sign Frisch And Fitzsimmons For Coaching Job In 1949

By PAT ROBINSON
(International News Service Sports Writer)
NEW YORK, Nov. 4.—Frankie Frisch and Freddie Fitzsimmons are back in the New York Giants fold as coaches.

Both rose to fame on the Giants under the late John McGraw; Frisch as one of the best second basemen of all time and Fitzsimmons as the star knuckle ball artist of his day.

Frisch abandoned his \$17,500 job as a baseball broadcaster to get back in a monkey suit and Horace Stoneham, Giants' president, intimated today that Frankie will do about as well coaching.

Baseball men agreed today that Manager Leo Durocher had made a 10 strike on landing Frisch and Fitzsimmons, and the club already has begun to take on that new look promised by Durocher when he succeeded Mel Ott last year.

Two Grid Teams Play Last Game

Franklin And Ellwood In Final Contests; New Castle And Bessemer Carded Away

Four football games are on tap for Lawrence county football teams this week. Shenango, Union, George Washington have already put away their moleskins and this week marks the end of the season for Franklin and Ellwood.

City junior high champs, the undefeated "Patriots" of Franklin play host to Sharon this afternoon in their last game of the season. Franklin had only four games on their schedule this year but they were all Junior W.P.I.A.L. games and the Kerr-Massie machine is still in the running for the league crown.

Ellwood At Beaver Falls
New Castle travels to Allegheny tomorrow night for their seventh Double A contest. The undefeated "Canes" will be heavy favorites to finish league play undefeated when they take the field at 8:15.

Ellwood's improved "Wolverines" finish their season Friday night at Beaver Falls. Both teams have defeated Allegheny by the identical score of 19 to 0. Beaver Falls' only defeat of the season was by powerful Ambridge. Ellwood's improved play the last couple of weeks make this game a toss-up and it should be a thriller all the way.

Undeclared Bessemer, Lawrence county Class B champs, continue their quest for a W.P.I.A.L. crown when they invade Moon township Saturday night for an 8 o'clock game.

DENVER FOOTBALL GUESSESS SCORE

DENVER, Nov. 4.—(INS)—Football experts in Denver are costing a Denver tailor money.

Harry Bitman started a "pick ten" football game contest with a suit of clothes to be given the person who turned in the nearest correct list of forecasts for the scores of 10 grid games.

The first few weeks the number of winners was very low.

Then the experts proved they knew and for the week ending October 30 there were 412 perfect entries.

Bitman is paying up, however. The retail value of the 412 suits is said to be \$31,500.

Red Sox Fans Would Trade Owner Yawkey, But Williams "Never"

By LAWTON CARVER
(International News Service Sports Editor)
NEW YORK, Nov. 4.—Ted Williams, who reportedly was offered as trading bait by the Boston Red Sox, probably will remain in Boston next season because the fans demand it.

Reports in this column a while back said Williams was headed for Detroit in exchange for Pitcher Hal Newhouse and Third Baseman George Kell caused the greatest uproar in Boston since all that tea was tossed in the harbor.

The Boston Red Sox management, it may be said, is not particularly eager to get rid of Williams, but is in such bad need of pitching that it might even trade Owner Tom Yawkey.

Trade Yawkey
As a matter of fact, Boston fans don't care what they traded Yawkey for, but that's another story.

Williams has had his ups and downs in Boston while he was growing up as a ball player, and some of the customers still refuse to accept him.

However, the anti-Williams clique has diminished in numbers year by year. The Red Sox fans, as a group, want him to stay in Boston. The front pages of the

Boston papers during the last few days prove it.

Had Great Season

The lanky outfielder has just completed one of the greatest seasons of his career. He led his league in hitting and in doubles, in bases on balls, and made at

least 25 hits to left field to break up the shift against him.

He also was at his best at the close of the campaign when the Red Sox were carrying the pennant race to a playoff with the Cleveland Indians.

Tigers-Yanks Anxious
In fact, he was just a little bit better than superb, and the Detroit Tigers or New York Yankees would like very much to have him.

The Red Sox are in no position to lose prestige with Boston baseball fans in view of the fact that the Braves won the National league pennant last season. The Red Sox need all the attractions they can get, and Williams is number one on that particular hit parade.

Without Williams the Red Sox

would be one of the dullest, most uninteresting ball clubs in the business. With Williams they have an attraction which pulls customers through the gates wherever they play.

It is interesting to know, however, that if he remains in Boston, as seems likely now, it is strictly because Yawkey can't afford to let him go.

The Boston fans recall that Tris Speaker and Babe Ruth were sold and attained fame elsewhere. They accept Williams, even in his trying moments—a sort of Boston institution. He's never played anywhere else in the major leagues.

SUBWAY WORK STARTS

Work recently was started on the extension of Moscow Metro, the Russian capitals subway system to be known as "The Grand Circuit." It involves tunneling under Moscow River and through six subterranean springs. The new line will be over 20 miles long and on it 34 pairs of 8-car trains will run at speeds of 65 to 70 miles an hour. There will be 41 stations instead of the present 20 and capacity will be 3,000,000 passengers a day instead of 1,700,000 now carried.

RETAIL SALES HIGH
WASHINGTON, Nov. 4.—(INS)—The commerce department estimated that retail store sales in September totaled nearly 11 billion dollars or seven per cent above the same month of last year. September sales at apparel stores, food stores, eating and

drinking places increased six, two and three per cent, respectively. The department said that the automotive sales for the month were down four per cent, reflecting reduced car production in the late summer after seasonal adjustments.

In Alaska, tuna landings were recorded this year for the first time in the territory's commercial fishing history. Albacore, to the amount of 220,500 lbs. were landed in Ketchikan during the last week of August, 1948, as reported by the United States Fish and Wildlife service of the Department of the Interior.
